

POULTRY-LESS THURSDAY MAY END

Sigler To Call Extra Session; Pay Raises Put Up To Legislature

FIGURES BACK UP PLANS FOR EUROPEAN AID

KRUG SAYS AMERICA WILL NOT SUFFER ECONOMIC BLOW

By JACK BELL and JOHN M. HIGHTOWER

Washington, Oct. 20 (AP)—The Truman administration marshaled a vast array of figures today designed to prove to Congress and the nation that this country can export the food, fuel and machinery western Europe is seeking for its proposed recovery program.

A report from Secretary of the Interior, Krug, released by the White House, stated emphatically that the United States will be able to deliver the goods for a \$200,000,000 aid program without impairing American resources.

Some shortages will result, "but it is impossible to make a case that the proposed aid program will have a serious impact upon our economy," Krug said. "From the standpoint of day-to-day drain, the export program is just not consequential."

Krug asserted, however, that to assure success of the undertaking this country must save grain, certain export controls to make certain shipments reach the most needy countries and gear production and transportation facilities to a high rate.

Senators Want Facts

On Capitol Hill, republicans generally adopted a let's-hear-more-figures attitude, but Senator Pepper (D-Fla.) criticized the report as a "ribbing" approach.

Pepper told reporters he thinks the summary makes the "timid" assumption that only such help will be extended to Western Europe as will not "inconvenience" the American people.

"That is only nibbling along at the job of winning the people," the Florida senator declared. "The obvious fact is that we cannot afford not to help Europe and the rest of the world and that it is going to require some American sacrifices to get the job done."

Pepper, who has urged a program of \$100,000,000 a year in foreign aid, does not always reflect the majority viewpoint among his Senate Democratic colleagues. It was obvious that his ideas were at variance with those of Republican members.

Senators Ferguson (R-Mich.) and Brewster (R-Me.) told reporters they want to know many more facts than those covered in the Krug report before they will be ready to pass on recommendations President Truman has said he will make to Congress "on the nature and extent of a balanced foreign aid program."

Ferguson said the Krug report, as well as others to be filed later, will get a "thorough going-over by Congress because whatever is done in this situation is going to affect the economy of the United States and the whole world for years to come."

MINE KILLS 38

Tokyo, Oct. 20 (AP)—Thirty-six Japanese and two Australian soldiers were killed last Wednesday when a one-ton Japanese mine exploded on a Shikoku beach, British commonwealth occupation forces headquarters announced today.

SANDSUCKER BURNS — The city-owned sandsucker was destroyed by fire of unknown origin Saturday afternoon in the bay off Ludington Park. The sandsucker was in operation until 11 a. m.

when it was shut down for minor repairs. The crew quit work for the day at noon and an hour later flames engulfed the machine and the sandsucker scow, which was anchored about 150 feet off the shore. A small tender scow con-

taining 500 gallons of diesel fuel oil also was destroyed by the fire. Huge clouds of black smoke billowed skyward as the oil drums exploded, spewing flaming oil over the scows and the surrounding water. The fire department was called to the scene shortly after one o'clock but did not attempt to fight the fire as the flames had already enveloped the scows and the sandsucker equipment. Firemen discounted the theory that the fire may have been started by

a carelessly dropped cigarette. They reported that the only member of the sandsucker crew who had been on the scow within several hours of the fire did not smoke. Two other members of the crew were working on the pipelines at the beach. Firemen indicated that the fire may have resulted from spontaneous combustion of oil-soaked rags on the scow. The sandsucker and scows were partially covered by insurance to the extent of \$2,000.

OCEAN RESCUE MAKES HISTORY

Survivors Of Ill-Fated Plane Feel Lucky To Be Back Home

Boston, Oct. 20 (AP)—Back again on the land they never expected to reach, 69 survivors of the ill-fated Bermuda Sky Queen headed for their homes today as the Civil Aeronautics board prepared an all-out investigation of the near-disaster in the mountainous North Atlantic.

The Coast Guard Cutter Bibb, which wrote maritime history in effecting the rescue of every man, woman and child on the plane which was ditched 800 miles off Newfoundland last Tuesday because of a gasoline shortage, brought the Sky Queen's erstwhile passengers to Boston yesterday.

The 1,600 mile run from "Station Charlie," the coast guard code for its weather station where the flying boat came down, ended in one of the wildest demonstrations since the first troopship came home from the recent war.

From the entrance to Boston Harbor to constitution wharf, it was a continuous round of salutes from other craft. Whistles were tied down. Fireboats sent up vari-colored streams of water.

Thousands of relatives, friends and folks who just came down to lend a cheer, met the rescued and their saviors at the dock.

One and all, the survivors, many clad in dungarees, shouted their praises of the crew of the Bibb. Too, they couldn't say enough about the airmanship by Captain Charles Martin of Miami, Fla., pilot of the Sky Queen.

At the same time, however, some of the passengers charged the seaplane had been "overloaded."

DeGaulle Party Wins In French Election

BY ROBERT EUNSON

Paris, Oct. 20 (AP)—Candidates nominated by Gen. Charles De Gaulle's six-months-old rally of the French people (RPF) were leading in 29 out of 37 major municipalities today as returns from yesterday's balloting rolled in from all over France.

DeGaulle's party held a substantial lead over all other parties, including the Communists, in the early returns.

"There's no doubt about it, De Gaulle has won," said Maurice Schuman, Parliamentary leader of the popular Republican movement (MRP) which lost ground heavily in yesterday's voting. De Gaulle's RPF, although leading the Communists, did not appear to have dented Communist voting strength in any substantial amount.

Running on an anti-Communist platform, and competing in a French election for the first time, RPF was averaging between 38 and 40 per cent of the total vote, as against 26 to 28 per cent for the Communists, 19 per cent for the Socialists and less than 10 per cent for MRP.

In the last municipal elections, MRP fought it out with the Communists.

The eight large communities where the issue remained in doubt were Toulon, Rennes, Besancon, Beaurivais, Grenoble, Lille, Nancy and Angers.

The 29 communities where De Gaulle's men were running far ahead were Paris, Algiers, Bordeaux, Troyes, Nevers, Melun, Mulhouse, Colmar, Lyon, Montbéliard, Pontarlier, Lorient, La Rochelle, Biarritz, Bayonne, St. Malo, Marseille, Annecy, Nantes, Versailles, Epinal, Strasbourg, Mantes Sur Seine, St. Raphael, Alencon, Verdun, Rouen, Metz and Nice.

Sunday's balloting was held to choose municipal councils in 38,000 French localities. An estimated 25,000,000 votes were cast.

GUN ACCIDENTS CLAIM 3 LIVES

Beaver Island Boy, 15, Wounded Fatally On Duck Hunting Trip

BY THE ASSOCIATED PRESS

The death of a 15-year-old Beaver Island boy brought the death toll in Michigan's 1947 small game hunting season to three today.

The boy, William Gallagher, was shot in the stomach Saturday when his gun discharged while he and a companion were loading their boat onto a truck after duck hunting on the Lake Michigan island.

Coast Guardsmen rushed the boy to the town of St. James and he was flown to Charlevoix hospital in a special plane. He died of his injuries Sunday.

One other gunshot victim was Melvin Zeef, 18, of Grand Rapids, who was killed Saturday when he got in the line of fire from a companion's gun while hunting pheasants near Caledonia.

Walter Weaver, 54, of Jackson, died earlier in the five-day-old lower Michigan season of a heart attack attributed to heat and over-exertion.

Jack Moore, 24, of Detroit, was wounded Sunday while hunting south of Carson City. He was struck in the left elbow and hip by a charge from the gun of Harvey Loveland, 52, of Matheron, who told police Moore walked into the line of fire.

SPECIAL TERM IS SCHEDULED ABOUT NOV. 10

SALARIES TOO LOW IN INSTITUTIONS; HELP LEAVING

Lansing, Oct. 20 (AP)—Governor Sigler said today he would call a special session for the legislature within three weeks to consider a \$5,000,000 a year pay raise for state employees.

Sigler said he expected the session would be called about Nov. 10.

He acted after Thomas J. Wilson, State Civil Service Director, told him the state employment situation had become more acute since Wilson and legislative leaders tentatively agreed last month to delay the pay raise question until January.

Wilson said a general state-wide increase would cost \$6,500,000 to \$8,000,000 a year but that approximately \$2,500,000 would come from federal funds and other sources.

For the remainder of the 1947-48 fiscal year, the legislature would have to provide about \$3,500,000.

The governor said, "I don't feel the Civil Service Commission should make a wage adjustment without the legislature having a chance to pass on it. The Civil Service Commission has the constitutional duty to regulate salaries."

TRUMAN HUNTS NEW VA CHIEF

Financial Sacrifices Biggest Handicap In Government Jobs

BY ERNEST B. VACCARO

Washington, Oct. 20 (AP)—President Truman is hunting for a top-flight civilian to head the Veterans Administration when General Omar N. Bradley succeeds General Dwight D. Eisenhower as Army Chief of Staff.

The well-posted associate of Mr. Truman who disclosed this today said the big difficulty will be in finding a man willing to make the financial sacrifice the appointment will entail. The VA post pays \$12,000 a year.

Asking that his name not be used, this associate said the President already has the problem of filling three vacancies created by the resignations of men who said they could no longer afford to work at \$10,000-a-year government pay.

In the case of VA, Mr. Truman was said to believe that the next administrator should be a man of nationally recognized administrative ability rather than a professional soldier.

The presidential associate emphasized, however, that Mr. Truman is enthusiastic over the way Bradley is handling his current assignment and wants to promote him when Eisenhower steps out early next year to become president of Columbia University.

In addition to the Eisenhower-Bradley spots the chief executive must decide on a successor to Fleet Admiral Chester W. Nimitz as chief of naval operations. Nimitz announced last week he is retiring from active naval duty in mid-December.

High Water Passes Crest In Flooded Ft. Lauderdale Area

Fort Lauderdale, Fla., Oct. 20 (AP)—Flood waters west of this city began to subside today and authorities agreed that the high water that has inundated thousands of acres and flooded hundreds of homes apparently had passed its crest.

The water in North New River Canal fell one-quarter inch yesterday, J. O. Brenda, plantation drainage district engineer, reported but added that the huge fresh water lake extending from Fort Lauderdale to Belle Glade is seven feet above ground water level.

Children returned to classes in Hialeah, suburb of Miami, for the first time in a week but the Miami Springs school still was closed on account of the flood. Children from Miami Springs were taken to the Melrose school in high-wheeled army trucks.

New Petrillo Edict Presages Disaster For Musical Discs

Chicago, Oct. 20 (AP)—James C. Petrillo's newest edict, banning again the making of recordings by his 225,000 AFL musicians after December 31, was described as the mould of disaster for some segments of the radio and recording industries.

One disc jockey for a Chicago radio station said that eventually the directive will mean oblivion for the many recording programs presided over by some 2,500 such masters of ceremony "as a major part of the entertainment industry."

With new recordings shut off, he said, "The public will be so sick and tired of hearing the records on our shelves, we'll have to fold up."

Band Leader Ted Weems expressed belief the order might be "boomerang on musicians of this country and result in popular favorites being replaced by foreigners," and in California a spokesman for one recording company suggested the making of master records might be done in Mexico.

George Evans, public relations man for such recorders as Dinah Shore, Lena Horne, Frank Sinatra, Duke Ellington and other top flight recorders, said they stand to lose royalty incomes ranging from \$150,000 to \$250,000 a year.

Mel Torme, radio and recording singer, said: "I think that about 98 per cent of the artists who have been made in the last few years owed their rise to the record. It may knock the bottom out of the song market because popular songs are made by records."

Indications are that only the recording industry itself knows the pattern of musical entertainment to come. One spokesman said that "the big three—Columbia, RCA-Victor, and Decca—have been making records so rapidly in recent months, both here and abroad, that they can continue to issue records for at least two years."

In issuing his order last Saturday, Petrillo said the members of his American Federation of Musicians were "destroying themselves" by supplying their own competition in the form of recordings. The ban, he explained, is intended to end "canned" musical broadcasts by the radio networks and individual stations.

"Unless a program has live music to offer," the AFM president said, "There won't be any music."

BERMUDA READY FOR HURRICANE

Tropical Storm Moves Northward; Planes Are Evacuated

Hamilton, Bermuda, Oct. 20 (AP)—Winds estimated at 90 miles an hour beat against Bermuda and churned heavy seas today as the center of a tropical hurricane moved north, 75 miles off the British colony. Some gusts reached 100 m. p. h.

The hurricane was expected to come within 50 miles of Bermuda before continuing out to sea. No casualties were reported.

Telephone and electric wires were downed by torrential rain accompanying the wind. Palms and cedars bent to the gale, depositing many of their branches in the streets. Many workmen were unable to reach their jobs.

Civil and military aircraft, including U. S. service planes, have been evacuated from Bermuda and two ships of the British fleet have steamed 40 miles to sea to ride out the approaching storm.

Other ships have been made secure in the dockyard.

Late last night the Bermuda meteorological station said it was improbable that winds in this sector would reach hurricane velocity, but that high gales might be expected between 8 a. m. and noon.

Experts thought it possible that the hurricane might pass the colony entirely, but there was the chance, they said, that once it passed, it might veer its course and strike from the opposite side.

The cruiser Sheffield, flagship of the Royal Navy's America and West Indies fleet, and the British oiler Golden Ranger have put out to sea with instructions to ride out the storm, keeping up enough steam to hold their bows to the wind.

Boys Found Asleep After Escape From School at Lansing

Detroit, Oct. 20 (AP)—Two escaped inmates of the boys' vocational school were returned to Lansing today following their capture here yesterday when Wayne county sheriff's deputies found the pair asleep in a parked car.

Officers named the two as Vaughan Holland, 15, of Detroit, and Jerry Starr, 14, of Paw Paw.

Sgt. Robert Densmore said the boys admitted escaping from the school Tuesday night by climbing their way through a cottage screen.

A third boy, Fred Tobias, who escaped with them was found in Saginaw. While free, detectives quoted the two as saying, they took four cars, drove more than 500 miles in southern Michigan and obtained funds by breaking into stores.

Pontiac Racing Car Driver Is Killed In Speedway Collision

Detroit, Oct. 20 (AP)—Clifford Wright, 29-year-old Pontiac, Mich., racing driver, was dead today following a collision with another car during an elimination race at a suburban speedway.

Racing a converted stock car, Wright collided Sunday with one driven by Bud Stephens of Port Huron, who required first aid for minor injuries.

FARMERS CUT DOWN USE OF SCARCE GRAIN

COUNTRY HAS LARGE SUPPLY OF TURKEY AND CHICKEN

BY STERLING F. GREEN

Washington, Oct. 20 (AP)—The Citizens Food Committee sought from the poultry and feed industries today a grain conservation program which, if acceptable to Chairman Charles Luckman, may signal an end to chicken-less and turkey-less Thursdays.

Luckman scheduled a behind-the-scenes meeting with industry spokesmen in an effort to draft a plan similar to those which the brewing, distilling, baking and restaurant industries have undertaken to save grain for European relief this winter.

Even if he succeeds, committee spokesmen were unwilling to speculate whether he would drop the "eggless" as well as the "poultry-less" phase of the campaign. Egg production now is at its seasonal low, they noted, and storage stocks are smaller than those of last month and last year.

Meatless Tuesdays will not be affected, whatever the decision, committee officials emphasized. They predicted, on the contrary, that dropping the poultry-less day would result in an even more intensive campaign for voluntary compliance with the meatless day.

The barrage of criticism against poultry-less Thursday, both from members of Congress and industry circles, is based mainly on these claims:

Unlike the earlier efforts, however, the new drive will test the cooperation of farmers in President Truman's voluntary campaign. Secretary of Agriculture Anderson has stated that the farms, rather than industry, must provide the major part of the 100,000,000 bushel goal through a reduction in the use of scarce wheat and corn in feeding livestock and poultry.

Egg Stocks Low

Luckman held a strong bargaining position for today's session. His co-workers have indicated he will be willing to drop poultry-less Thursday—as poultrymen have requested—only if he gets in exchange a pledge of sizeable savings in the feeding of poultry and

(Continued On Page Seven.)

King George VI May Ask Laws To Scrap The House of Lords

London, Oct. 20 (AP)—Prime Minister Attlee's cabinet will decide today, labor informants said, whether King George VI will call for legislation at the opening of parliament tomorrow to scrap the House of Lords.

The informants pointed out that the British monarch follows the advice of his ministers and that the pro-Labor House of Commons almost certainly would do the government's bidding.

Attlee's cabinet is known to have discussed possible action against the lords in the past and the prime minister has said repeatedly that the "upper house" would not be permitted to obstruct any Labor party plans.

The House of Lords, consisting of some 800 peers, has defeated the government on minor issues in the past, but always has fallen into line on major legislation.

DELTA POTATO SHOW OCT. 23

Schedule 1947 Event For Thursday In Cornell And Escanaba

The 1947 Delta county Potato Show will be held in Escanaba and Cornell on Thursday, Oct. 23, with the program marking the completion of the eighth year and the second four-year Potato Booster contest, it was announced today by J. L. Heirman, county agricultural agent.

Samples of Delta county's best potatoes will be exhibited Thursday in space made available at the Fair Store through the cooperation of Charles Gessner. In the evening there will be a social program at the Cornell town hall, where winners of the 1947 contest and the second four-year Booster program will be announced.

DINNER FOR CANDIDATES

The eight queen candidates for the title of Delta county Potato Show queen will be guests of the Escanaba Chamber of Commerce at a dinner at the Delta hotel at 7:30 p. m. Tuesday. The queen will be selected at the dinner and on Thursday will reign at the Potato Show program. Gifts and other honors will be accorded her on a "Queen For A Day" event being arranged by Dudley Jewell, Chamber of Commerce secretary, and Al Gearitt, director of the potato booster association.

Final plans for the show were made at a meeting of the Potato Booster association directors held Friday night at the Escanaba Chamber of Commerce office.

Composing the board of directors are Henry Bathke, George Brown, Con Oriscoll, Carl Wickman, Grey Knaus, Clayton Ford, George Larson, Joseph Ivens, A. J. Gearitt and J. L. Heirman.

The Potato Booster contest is divided into two classifications, tablestock and certified seed. All samples for display are to be received not later than 5 p. m. Tuesday, and will include 128 potatoes from certified growers, and 100 pounds of potatoes from the tablestock growers. Certified growers are also asked to submit 32 potatoes of excellent type to display at the U. P. Potato Show, which

will be held in Houghton the first week in November.

In connection with the county Potato Show a county young woman will be selected Delta Potato Show queen and will compete against other county "queens" at the Upper Peninsula show.

There are eight county queen candidates. They are Joanne Reno of Rock; Lena Mae Tuskan of Perkins; Loyette Smith of Fayette; Darla Plante of Garden, Eleanor Anderson of Ensign, Eunice Barr of Bark River, Maysie Campbell of Cornell, and Theresa Lessard of Bark River.

The candidates were picked by the various Home Economics clubs in their communities with the exception of Rock and Perkins, where the selection was made by the schools.

Briefly Told

Leg Fractured—Tommy Hanley, 7, son of Mr. and Mrs. Roger Hanley, suffered a triple fracture of the left leg when he was hit by a car Saturday noon at the intersection of Ludington and 11th streets. X-rays taken at St. Francis hospital revealed no other injuries. Tommy will be hospitalized for several weeks.

Traffic Cases—The following motorists have paid fines in justice court recently for traffic violations: Clarence Shiner, Escanaba, speeding on a motorcycle, \$3 fine and \$2 costs; Ernest Derouin, Escanaba, non stop, \$1 and \$1. Lorraine Bunker, Perkins, non stop, \$1 and \$1.

Masonic Meeting—A special communication of Delta Lodge No. 195, F. & A. M., will be held in Masonic hall at 1 p. m. Tuesday to honor the memory of Past Grand Master, A. J. Young.

Organize Sewing Club—Organization of a 4-H sewing club at Soo Hill was recently accomplished and is the first winter club to be completed in the county this year. Janet Monson is president; Gladys Wester, vice president; Elaine Buckland, secretary; and Jacqueline Chartrand, treasurer. There are 13 members in the club.

4-H Leaders Meeting—All winter 4-H leaders in Delta county, and prospective leaders, will meet for a 6:30 o'clock banquet and program Tuesday at 6:30 p. m. in the Sherman hotel. Mrs. Edith Avise and Ben Westrate of Marquette, assistant 4-H club leaders, will

UP Musicians Elect G. Lawry President; Hinze Sec-Treasurer

The Upper Peninsula Musicians association, at a meeting held Sunday in Marquette, elected Gordon Lawry, Marquette, to serve as president again; George Marchinowski, Marquette, vice-president; Ernest Tomassoni, Iron Mountain, sergeant-at-arms, and W. A. Hinze, Escanaba, secretary-treasurer.

Ivan Kobasic, Wellington Clark, Lloyd Flath, and Wellington Hinze of Escanaba attended the meeting.

William Dart, Port Huron, represented the Michigan Musicians association and the office of James Petrillo was represented by George V. Clancy, member of the executive board.

Marchinowski replaces Meta McGresham, Caspian, as vice-president.

Rotary Club Tours Harnischfeger Co. Plant in Escanaba

The Escanaba Rotary club this afternoon toured the Harnischfeger company plant as part of its meeting program. They were conducted on the tour by R. B. Mitchell, general superintendent.

At the luncheon meeting tribute was paid the memory of A. J. Young, one of the charter members of the Escanaba Rotary club, who died Saturday. The tribute was voiced by Fred Earle, Rotary club past president.

A new member, Joseph Heirman, county agricultural agent, was inducted into the club at the meeting in the Delta hotel.

present information on the winter club program.

Mr. and Mrs. W. B. Flynn left this morning to return to Chicago after spending several days here visiting. Enroute they will visit friends in Marinette.

Obituary

WILLIAM M. MCCARTHY
Funeral services for William M. McCarthy will be held at 10 o'clock Tuesday morning at the Alto funeral home chapel, with burial in Holy Cross cemetery. Military rites will be conducted by the American Legion.

BENJAMIN DOUGLAS
Funeral services for Benjamin Douglas, pioneer Bark River resident, were held this morning in St. George's church in Bark River with the Rev. Fr. N. M. Stehlin officiating at requiem high mass.

Pallbearers were Roy A. Bergman, Edwin J. Bergman, I. R. Nelson, W. H. Boyle, Leo Knaus and Clarence Klieiman.

Out-of-town persons attending the services were John Dourlas, William Dourlas, Mr. and Mrs. John Brockshlaer and children, John, Jr., Dorothy and Betty, all of Milwaukee; Mrs. Walter Bowers, Kansas City, Mo.; Mr. and Mrs. W. P. French and Edward J. Douglas, of Iron Mountain; Mrs. Ollie Frachetti, of Racine, Wis.; Mr. and Mrs. Louis J. Douglas, of Eau Claire, and Robert Douglas, of Cincinnati.

Burial was made in the family lot in the Bark River cemetery.

ALBERT J. YOUNG
Funeral services for Albert J. Young, prominent civic leader, who died Saturday morning in Grand Rapids, will be held Tuesday afternoon, at 2:15 at the Anderson funeral home, where the body is in state, and at 2:30 o'clock, at the First Presbyterian church, with Rev. James H. Bell officiating. Burial will be in Lakeview cemetery. The Masonic ritual will be conducted by officers of the Grand Chapter of Masons in Michigan, who will attend the funeral. Members of the Commandery will form an escort.

Death Claims Mrs. Elizabeth Schmidt, Services Tuesday

Mrs. Elizabeth Schmidt, of 1212 Third avenue south, a resident of Escanaba for many years, died Sunday afternoon at 2 o'clock at St. Francis hospital. She had been seriously ill for five weeks.

Mrs. Schmidt was born in Luxemburg and came to the United States, directly to Escanaba, when she was 12 years old. She was the widow of Dr. C. L. Schmidt, who died in 1912.

She was a member of St. Joseph's parish, of the Third Order of St. Francis, St. Joseph's Altar society and the Ladies' Auxiliary

to the Brotherhood of Railway Trainmen.

Surviving are one son, Charles, of Escanaba, one daughter, Mrs. Ann Knack, of Milwaukee, five grandchildren and one great grandchild.

Funeral services will be held at a solemn requiem high mass at 9 o'clock Tuesday morning at St. Joseph's church, and burial will be in Holy Cross cemetery. The body is in state at the Boyce funeral home.

CARS SET AFIRE

Detroit (AP)—Arson squad detectives reported that 11, 1946 and 1947 model automobiles have been set afire in the Schaefer police station area in the past week, apparently by a disgruntled sneak thief who failed to find loot in the cars. Police estimated damage at more than \$15,000.

WANTED

Salesman to cover Gladstone and Escanaba on full or part time basis for well-known organization. Must have car. Age 45 to 55 preferably.

ROCK HIGH TO TRAIN DRIVERS

Is 42nd School In State To Cooperate In Safety Drive

Rock high school's application for a dual-control driver-training car for use in a new driver-training course was today approved by both Automobile Club of Michigan and American Automobile Association. Delivery of the new Chevrolet car will be made about the last of October to George E. Weingartner, superintendent of schools in Rock, according to the Auto Club.

Rock's car will be among the more than 100 dual-control equipped Chevrolets being delivered to Michigan high schools this fall through cooperation of local educators, AAA, Automobile Club of Michigan, and car manufacturers and dealers. Auto Club is also furnishing dual controls and textbook materials for the course.

Rock will be the 42nd high school in Michigan to offer the full classroom and behind-the-wheel driver-training. Classroom training alone is offered in about 110 other state schools, according to Ernest P. Davis, Auto Club safety and traffic director. With a total of 152 schools participating, Michigan now leads the nation in high school driver-training.

The small expense of the course to communities adopting it will be repaid a thousand times in decreased accidents, Davis said. Lives will be saved and non-injury accidents will be cut down.

"When every high school student in Michigan who plans to drive can take driver-training, auto accidents and deaths in the state will be cut in half in two generations," the Auto Club predicted.

Before the coming of the white man, the Indian country of Kentake (Kentucky) was subject to claims by several Indian tribes and Indians dared not hunt there.

D. A. V.s Attend Zone Meeting at Iron Mountain

A large group of Disabled American Veterans of Escanaba Chapter, No. 24, and its Auxiliary attended the zone meeting held Saturday evening at Iron Mountain, with members from Marquette, Iron River, Menominee, Escanaba and Iron Mountain present. Lionel Sleeman, of Iron River, second junior vice commander of the state department, presided.

Sydney J. Allen, department rehabilitation officer, conducted a school of instruction and spoke on his work. John J. Steekel, of Calumet, field service officer, Carrie Burgess, of Iron Mountain second junior vice commander, and Herbert Burgess, also of Iron Mountain, past junior vice commander were other speakers.

Those attending included Mr. and Mrs. Hugh Ray, Mr. and Mrs. Nelson Sorault, Mr. and Mrs. Douglas Stowe, Mr. and Mrs. Tom Beauchamp, Mr. and Mrs. Leonard Holland, Mr. and Mrs. Kenney Thorbjornsen, Mr. and Mrs. Noel Derouin, Mr. and Mrs. Paul Dubord, Mr. and Mrs. Carl W. Johnson, Mrs. Delor LeBlanc, Mrs. Richard St. Martin, Mrs. William Garbett, Mrs. Viola Goodman, Mrs. Hettie Seidl, Miss Lou Ann LeBlanc, Miss Elaine Holland, Miss Lillian Sorault, Clarence Sturdy, Edward St. Antoine, Stanley Finlan and John Sorault.

DELTA POTATO SHOW OCT. 23

Schedule 1947 Event For Thursday In Cornell And Escanaba

The 1947 Delta county Potato Show will be held in Escanaba and Cornell on Thursday, Oct. 23, with the program marking the completion of the eighth year and the second four-year Potato Booster contest, it was announced today by J. L. Heirman, county agricultural agent.

Samples of Delta county's best potatoes will be exhibited Thursday in space made available at the Fair Store through the cooperation of Charles Gessner. In the evening there will be a social program at the Cornell town hall, where winners of the 1947 contest and the second four-year Booster program will be announced.

DINNER FOR CANDIDATES

The eight queen candidates for the title of Delta county Potato Show queen will be guests of the Escanaba Chamber of Commerce at a dinner at the Delta hotel at 7:30 p. m. Tuesday. The queen will be selected at the dinner and on Thursday will reign at the Potato Show program. Gifts and other honors will be accorded her on a "Queen For a Day" event being arranged by Dudley Jewell, Chamber of Commerce secretary, and Al Gearitts, director of the potato Booster association.

Final plans for the show were made at a meeting of the Potato Booster association directors held Friday night at the Escanaba Chamber of Commerce office.

Composing the board of directors are Henry Bathke, George Brown, Con Oriscoli, Carl Wickman, Grey Knau, Clayton Ford, George Larson, Joseph Ivens, A. J. Gearitts and J. L. Heirman.

The Potato Booster contest is divided into two classifications, tablestock and certified seed. All samples for display are to be received not later than 5 p. m. Tuesday, and will include 128 potatoes from certified growers, and 100 pounds of potatoes from the tablestock growers. Certified growers are also asked to submit 32 potatoes of excellent type to display at the U. P. Potato Show, which

will be held in Houghton the first week in November.

In connection with the county Potato Show a county young woman will be selected Delta Potato Show queen and will compete against other county "queens" at the Upper Peninsula show.

There are eight county queen candidates. They are Joanne Reno of Rock; Lena Mae Tuskan of Perkins; Loyette Smith of Fayette; Darla Plante of Garden, Eleanor Anderson of Ensign, Eunice Barr of Bark River, Maymie Campbell of Cornell, and Theresa Lessard of Bark River.

The candidates were picked by the various Home Economics clubs in their communities with the exception of Rock and Perkins, where the selection was made by the schools.

Briefly Told

Leg Fractured—Tommy Hanley, 7, son of Mr. and Mrs. Roger Hanley, suffered a triple fracture of the left leg when he was hit by a car Saturday noon at the intersection of Ludington and 11th streets. X-rays taken at St. Francis hospital revealed no other injuries. Tommy will be hospitalized for several weeks.

Traffic Cases—The following motorists have paid fines in justice court recently for traffic violations: Clarence Shiner, Escanaba, speeding on a motorcycle, \$3 fine and \$2 costs; Ernest Derouin, Escanaba, non stop, \$1 and \$1; Lorraine Bunker, Perkins, non stop, \$1 and \$1.

Masonic Meeting—A special communication of Delta Lodge No. 195, F. & A. M., will be held in Masonic hall at 1 p. m. Tuesday to honor the memory of Past Grand Master, A. J. Young.

Organize Sewing Club—Organization of a 4-H sewing club at Soo Hill was recently accomplished and is the first winter club to be completed in the county this year. Janet Monson is president, Gladys Wester, vice president; Elaine Buckland, secretary; and Jacqueline Chartrand, treasurer. There are 13 members in the club.

4-H Leaders Meeting—All winter 4-H leaders in Delta county, and prospective leaders, will meet for a 6:30 o'clock banquet and program Tuesday at 6:30 p. m. in the Sherman hotel. Mrs. Edith Avise and Ben Westrate of Marquette, assistant 4-H club leaders, will

UP Musicians Elect G. Lawry President; Hinz Sec-Treasurer

The Upper Peninsula Musicians association, at a meeting held Sunday in Marquette, elected Gordon Lawry, Marquette, to serve as president again, George Marchinowski, Marquette, vice-president; Ernest Tomassoni, Iron Mountain, sergeant-at-arms, and W. A. Hinz, Escanaba, secretary-treasurer.

Ivan Kobasic, William Clark, Lloyd Flath, and Wellington Hinz of Escanaba attended the meeting. William Dart, Port Huron, represented the Michigan Musicians association and the office of James Petrillo was represented by George V. Clancy, member of the executive board.

Marchinowski replaces Meta McGresham, Caspian, as vice-president.

Rotary Club Tours Harnischfeger Co. Plant in Escanaba

The Escanaba Rotary club this afternoon toured the Harnischfeger company plant as part of its meeting program. They were conducted on the tour by R. B. Mitchell, general superintendent.

At the luncheon meeting tribute was paid the memory of A. J. Young, one of the charter members of the Escanaba Rotary club, who died Saturday. The tribute was voiced by Fred Earle, Rotary club past president.

A new member, Joseph Heirman, county agricultural agent, was inducted into the club at the meeting in the Delta hotel.

present information on the winter club program.

Mr. and Mrs. W. B. Flynn left this morning to return to Chicago after spending several days here visiting. Enroute they will visit friends in Marinette.

Obituary

WILLIAM M. MCCARTHY

Funeral services for William M. McCarthy will be held at 10 o'clock Tuesday morning at the Alto funeral home chapel, with burial in Holy Cross cemetery. Military rites will be conducted by the American Legion.

BENJAMIN DOUGLAS Funeral services for Benjamin Douglas, pioneer Bark River resident, were held this morning in St. George's church in Bark River with the Rev. Fr. N. M. Stehlin officiating at requiem high mass.

Pallbearers were Roy A. Bergman, Edwin J. Bergman, I. R. Nelson, W. H. Boyle, Leo Knau and Clarence Klemm.

Out-of-town persons attending the services were John Douglas, William Douglas, Mr. and Mrs. John Brockslager and children, John, Jr., Dorothy and Betty, all of Milwaukee; Mrs. Walter Bowers, Kansas City, Mo., Mr. and Mrs. W. P. French and Edward J. Douglas, of Iron Mountain; Mrs. Ollie Frachetti, of Racine, Wis.; Mr. and Mrs. Louis J. Douglas, of Eau Claire, and Robert Douglas, of Cincinnati.

Burial was made in the family lot in the Bark River cemetery.

ALBERT J. YOUNG

Funeral services for Albert J. Young, prominent civic leader, who died Saturday morning in Grand Rapids, will be held Tuesday afternoon, at 2:15 at the Anderson funeral home, where the body is in state, and at 2:30 o'clock, at the First Presbyterian church, with Rev. James H. Bell officiating. Burial will be in Lakeview cemetery. The Masonic ritual will be conducted by Delta Lodge No. 195, F. & A. M., rites also will be conducted by officers of the Grand Chapter of Masons in Michigan, who will attend the funeral. Members of the Commandery will form an escort.

Death Claims Mrs. Elizabeth Schmidt, Services Tuesday

Mrs. Elizabeth Schmidt, of 1212 Third avenue south, a resident of Escanaba for many years, died Sunday afternoon at 2 o'clock at St. Francis hospital. She had been seriously ill for five weeks.

Mrs. Schmidt was born in Luxembourg and came to the United States, directly to Escanaba, when she was 12 years old. She was the widow of Dr. C. L. Schmidt, who died in 1912.

She was a member of St. Joseph's parish, of the Third Order of St. Francis, St. Joseph's Altar society and the Ladies' Auxiliary

to the Brotherhood of Railway Trainmen.

Surviving are one son, Charles, of Escanaba, one daughter, Mrs. Ann Knack, of Milwaukee, five grandchildren and one great grandchild.

Funeral services will be held at a solemn requiem high mass at 9 o'clock Tuesday morning at St. Joseph's church, and burial will be in Holy Cross cemetery. The body is in state at the Boyce funeral home.

CARS SET AFIRE

Detroit (AP)—Arson squad detectives reported that 11, 1946 and 1947 model automobiles have been set afire in the Schaefer police station area in the past week, apparently by a disgruntled sneak thief who failed to find loot in the cars. Police estimated damage at more than \$15,000.

Upper Peninsula, by mail: 75c per month \$2.00 three months, \$5.00 six months, \$7.00 per year. Outside Upper Peninsula: one month \$1.00, six months \$5.00, one year \$10.00. By carrier: 25c per week, \$6.50 six months, \$13.00 per year.

Political Action

THE American Federation of Labor has voted an assessment on its members to raise \$3,000,000 for a political fund to be used in the 1948 elections, openly flaunting the Taft-Hartley act. Both the AFL and CIO have openly encouraged a court test of the Taft-Hartley restrictions on union political expenditures. Both are planning vigorous campaigns in the 1948 election year to defeat candidates for congressional positions who are regarded as anti-labor.

In its general purposes the Taft-Hartley labor law represents the public response to labor abuses and many of the provisions of the law that are most bitterly attacked by labor officials are supported by a large proportion of union members.

The law, however, does tend to restrict the principle of democracy and the constitutional privilege of a free press by its prohibition of the use of union funds for political purposes. In our system of democracy any segment of our society has traditionally possessed the right to disseminate its views on political matters. Certainly we cannot reasonably expect to suppress this privilege for labor while granting that right to forces that are on the other side of the political fence.

There is no law, for instance, that prevents the manufacturers' associations or any business groups from spending its funds as it pleases for political purposes. In our democracy we operate on the principle that wide dissemination of conflicting viewpoints helps to inform the voters and assist him in making his decision in political affairs. We are only serving anti-democratic forces when we attempt to restrict the free flow of political information from whatever source.

When Congress reconvenes in January, it would be well if it would remove this anti-democratic provision of the Taft-Hartley act, lest it endanger the more worthwhile provisions of the law.

A Fine Selection

THE appointment of Victor Lemmer of Ironwood to the Upper Peninsula State Fair board of managers is a selection that maintains the high level of leadership that has characterized the Upper Peninsula State Fair and which has been responsible for the growth of the exposition.

Mr. Lemmer, a native Escanaba, has been closely associated with civic affairs in Ironwood and the western end of the Upper Peninsula for many years. The goal of the U. P. State Fair is, of course, to make the exposition truly representative of the agriculture, industry and home life of the entire Upper Peninsula. That has been achieved mainly because the board of managers comprises men of outstanding character and quality representing all of the sections of the Upper Peninsula.

The term to which Mr. Lemmer has been appointed by Governor Sigler is the unexpired term of the late Patrick Kelly of Watersmeet, a term that will run out next June 30. It is probable, however, that Mr. Lemmer will be reappointed to the full term later. It is certain that he will give to this job the same devotion to public service that has characterized his activities on the Gogebic range.

New Uses For Aspen

THE nation is now cutting and has been cutting for some time considerably more of our timber resources than are annually being produced in our forest lands. It is a condition that is causing much concern, as it should in view of the extreme importance of the woods and lumber industry in our national economy.

And yet, paradoxically enough, we are growing at least twice as much of one type of commercial timber as we are cutting, much of the remainder being wasted by rot. That species is aspen, more familiarly known to our woodsmen as poplar or popple.

There are in the Lakes States a volume of aspen timber estimated at 6½ billion board feet, growing on lands that constitute two-fifths of all of the forest acreage in the Lakes States. The present aspen resource could sustain an annual cut of 300 million board feet each year without any drain and yet only 152 million board feet of aspen are now being used.

Black as this picture is, it is significant that the lumber industry is showing rapidly increased use of aspen for commercial purposes. In 1941 the annual cut of aspen in the Lakes States was only 67 million board feet. Thus consumption was more than doubled within five years with a corresponding reduction in the wastage of this species.

New uses are being found for this product and it is now being used rather extensively as core stock for wood panels and plywood in the furniture industry. Experiments have shown that aspen is ideally suited for this purpose. It is moderately light but tough, has fine and uniform texture and is superior in shock resistance to basswood, spruce and white pine.

This forest product, once an outcast, is now coming into popular use and the day may not be far away when the waste of aspen in our forests will be only a grim reminder of the past.

Albert J. Young

THE death of Albert J. Young removes from the Escanaba scene not only a leading figure in civic, business and fraternal circles, but a kindly courteous man, whose very humaneness made him a Christian in the truest sense of the word.

Mr. Young was one of the busiest men in the community. His leadership in Masonic organizations, a duty which he proudly fulfilled, took him to all parts of Michigan, and often to other states. He was a partner in a business which required maximum time and effort. Yet, "Bert" Young, as he was known to the oldest residents of Escanaba, as well as to their sons and daughters and their grandchildren, always found a minute to pass the day with everyone he met. His greeting was always cheery, making its recipient feel the better for having met him.

His charities were numerous, but known to very few. He never forgot those who were ill and the life of many a shut-in was brightened by his visits and gifts of flowers.

Mr. Young's death will leave a vacancy in community leadership. But, more than that, he will be mourned by men and women throughout Escanaba, who knew him as a good friend.

Other Editorial Comments

POSTPONING CRIME (Christian Science Monitor)

The National Broadcasting Company has fired the opening shot in a projected program of self-reform by the broadcasting industry. In banning its crime shows till after 9:30 at night (or 8:30 Central Time), it takes account of the fact that "the vivid, living portrayal of such dramas on the air has an impact on the juvenile, adolescent or impressionable mentality that cannot be underestimated."

Other broadcasting companies may well follow suit. We are heartily grateful to NBC for postponing its bloodcurdling thrillers until little Oswald has been tucked in bed, though we are not altogether happy about little Oswald's "adolescent" and "impressionable" elder brothers who like their crime served hot and strong, whether early or late in the evening.

This action comes in response to widespread protest by various civic-minded groups, including the American Bar Association. Approval of the policy should be registered as vigorously as the previous censure. But the field for protest is still wide open so long as the crasser sort of crime melodrama befalls the air. When crime doesn't pay on the radio—or in the press—it may not pay off such sordid dividends in our unstable society.

Take My Word For It

Frank Colby

SOME MATTERS OF PRONUNCIATION

Overheard at a directors' meeting: "I am being dee-LOOJED with requests for contributions." The word the speaker used is *deluge*, "an overflow; a flood." It is quite proper to use the word as he used it; it should not be accented on the second syllable.

Deluge, both noun and verb, is accented on the first syllable, and the "u" should have the long (yoo) sound and rhyme with "huge," thus: DELL-yooge.

Overheard on a radio commutation: "His reply to the Russians' proposal was bitterly duh-RIZ-ive." The word *derisive*, "expressing scorn or contemptuous ridicule," was used correctly. But the pronunciation has no sanction. It should be: deery-sive, the second syllable rhyming with "by, my."

On the other hand, the word *derision* is correctly pronounced with the short "i" sound in the second syllable, as in "vision," thus: dee-RIZ-uh.

Overheard at a lecture: "His explanation is both logical and FAX-yle." The word *facile*, "expert, fluent, dexterous," was correctly used. The pronunciation, however, is unsupported by both good usage and the dictionaries. One should say: FASS-ill.

Overheard in a drugstore: "He nearly died by being bitten by a tah-RAN-tyoo-lah." The tarantula, found in Texas and other southwestern states, is indeed a most venomous spider. But the pedantic pronunciation "tah-RAN-tyoo-lah" is never heard in unaffected speech. It is correct to palatize the "tu" to "choo" or "ghu," exactly as is done in such words as "feature, nature, picture, venture," which are never pronounced "FEE-tyoor, NAY-tyoor, PIK-tyoor, VEN-tyoor."

Tarantula, in Standard American, is correctly pronounced: tuh-RAN-choo-luh; or: tuh-RAN-choo-luh.

The tarantula is named for the Italian city of Taranto because of the prevalence of the large spiders thereabouts. It was once believed that the creature's bite caused the mania for dancing called tarantism. The cure was thought to be prolonged dancing to special fast music called the tarantella, a style of music that is still played in instrumental concerts.

World Events Analyzed

BY MARQUIS CHILDS

London. — Any one who travels across Europe today must, if he looks at the facts, come to at least one conclusion: The tides of political and social change cannot be reversed by any fiat laid down in America.

Here in the home of the mother of parliaments and the mother of parliamentary Socialism, that becomes even more obvious than it is on the continent. Millions of Britons have grown up to believe that Socialism will bring greater rewards and satisfactions than capitalism ever could. Other millions of Britons believe their fellow citizens have a right to choose Socialism if they are in the majority.

Shortly before he left for home, Congressman Christian Herter, chairman of the important House committee surveying Europe's resources called on three leaders of the conservative party—Lord Woolton, Anthony Eden and R. A. Butler. The latter is the author of the party's official program, so far-reaching in terms of social responsibility as to scare so-called conservatives in America out of their wits.

—COULDN'T FORBID NATIONALIZATION—

Herter asked all three men the same question. What would be the effect on the Conservative party of a provision written into the Marshall plan forbidding further nationalization?

They all gave the same reply—it would be absolutely fatal. The Conservative party could not support the plan if it contained such a provision even though the conservatives here at home are violently opposed to any more nationalization. Such a provision would be taken as a barrier to the sovereign right of the free British citizen.

The word of Woolton, chairman of the party, and Eden, former foreign secretary and one of the most influential Conservatives, can hardly be challenged. It therefore becomes clear that any attempt to write in a provision forbidding nationalization will be in reality an attempt to defeat cooperation between Europe and America.

On the other hand, this does not mean that the United States will be powerless to influence European economic policy in the sending of American dollars for American commodities. But the influence must be indirect rather than direct.

Thus, conditions might be laid down in the Marshall plan law specifying definite increases in production from year to year. It could be made perfectly plain that, in the American view, further nationalization would interfere with increased productivity.

Some such reasonable approach, satisfactory to the American taxpayer, can be worked out. Any arbitrary dictate is certain to mean the death of all hope of cooperation for recovery and reconstruction of the west. This is precisely the opportunity that the extreme left wing of the British Labor party and the Communist leftists on the continent of Europe are praying for. They are prepared to exploit it to the fullest to isolate America, both economically and politically, from the rest of the world.

Both in Britain and the United States, the actuality of Britain's plight is too often ignored or it is deliberately obscured. It happened that a Socialist government came to power at the very moment of the gravest British economic crisis in the past 125 years.

When the Conservative party went down to defeat two years ago, a colleague is said to have remarked to Winston Churchill that it was a blessing in disguise, since whatever government was in power would be faced with the cumulative troubles of a century or more. Churchill is reported to have replied that, so far as he was concerned, the disguise was complete.

—NOT CAUSED BY SOCIALISM—

To many the disguise is complete. This includes many who want to exploit the crisis to discredit the Labor party. But the fact is that Britain's economic Dunkirk has little to do with Socialism or the triumph of the Labor party.

The causes of that crisis are complex and varied. They extend back to the time when England was at the peak of her economic and military power at the end of Queen Victoria's long reign. During that long period of power and prosperity, Britain had built up an economic umbrella consisting of investments held in various parts of the world and particularly in America.

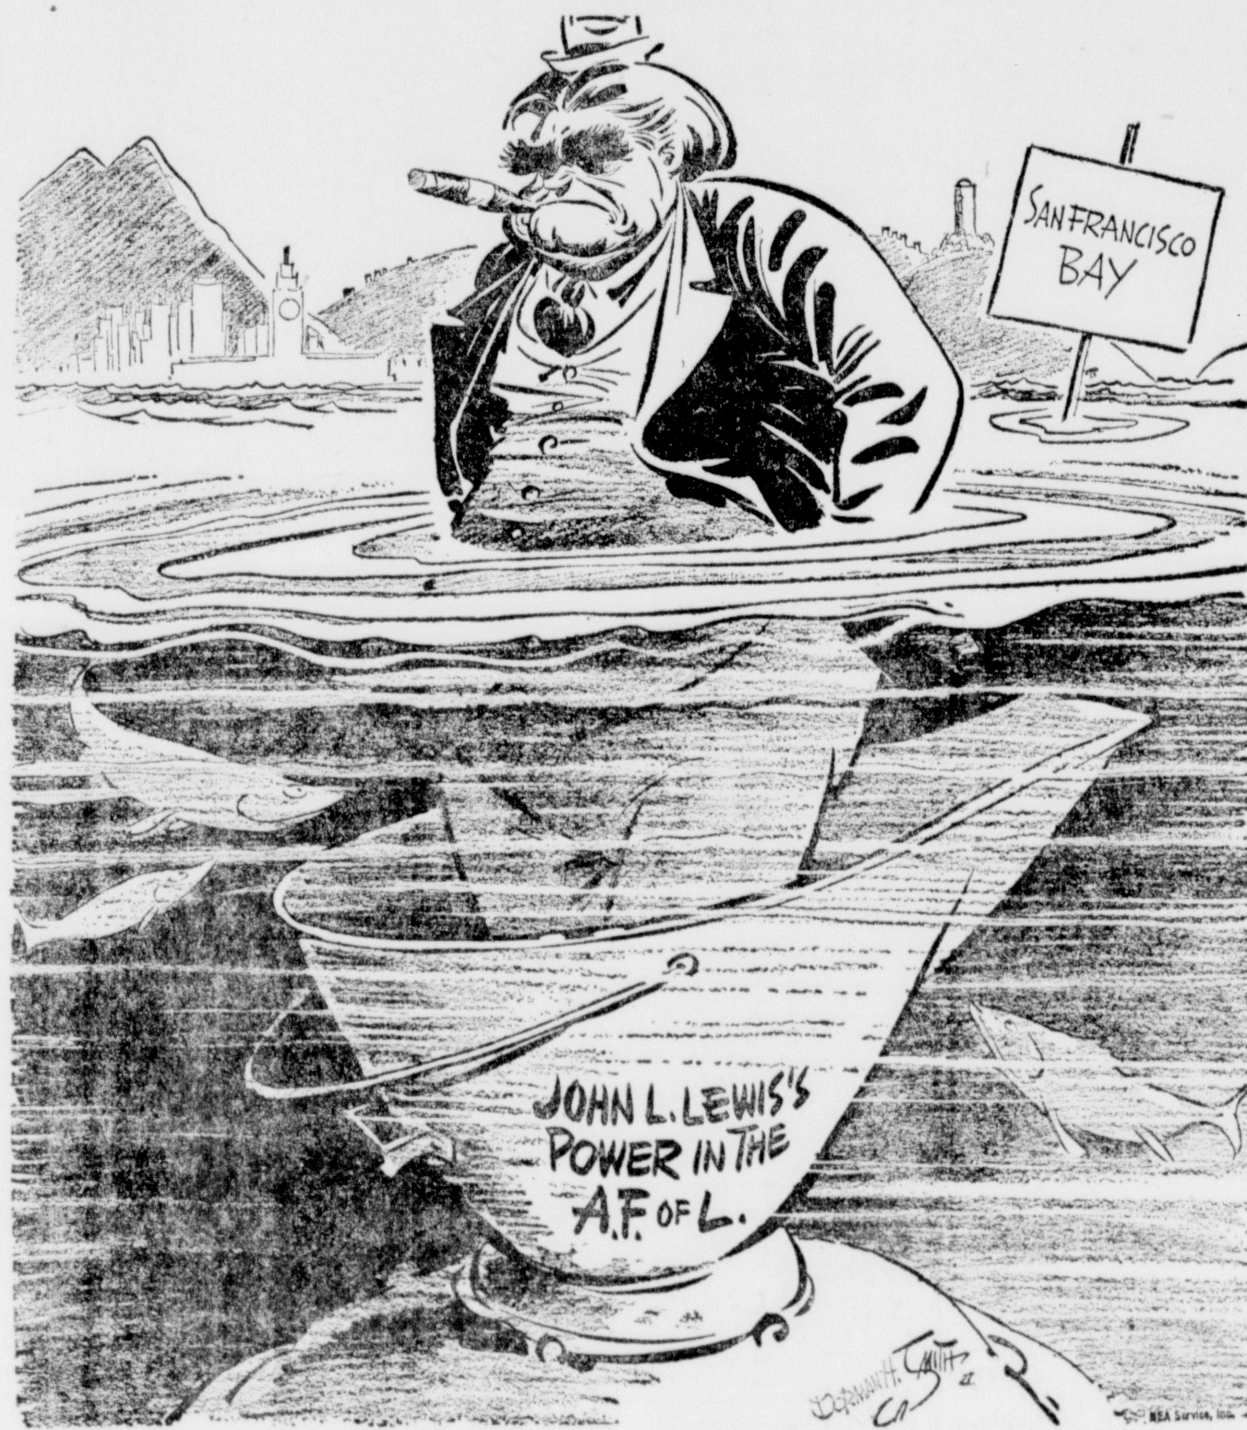

The revenue from those investments, along with other sources of income such as merchant shipping, paid for the food and raw materials imported into this tight little island. Two World Wars and especially the second which nearly brought Britain down, reduced the overseas investments to a small fraction of what they had been. A huge debt to India and other commonwealth nations was added.

This is the real origin of the crisis. It would be just as grave if Winston Churchill had instead of Clement Attlee sat in 10 Downing street. No political party has any easy prescription for its cure. That is the important thing to remember as the crisis deepens with the approach of winter.

quiz games has been written by Mr. Colby. This is an excellent way to test your vocabulary. Ask for leaflet C-6.

Scuttled

Good Evening

By Clint Dunathan

HALLOWE'EN — Let's take time out from the more serious things in life to compliment the young people—and the older folks too—in Escanaba for their safe and sane observance of Hallowe'en.

Everyone has a good time on this evening devoted to witches' tricks and ghostly capers but the amount of property destruction and annoyance is kept to a minimum.

We have lived in other cities of about the same population as Escanaba where Hallowe'en was a time to be dreaded. Garbage cans emptied on front porches, dirt smeared on windows, buildings damaged and destroyed, car bodies and windows scraped and cut so bad they were permanently defaced—these and other evidences of vandalism were commonplace.

But in Escanaba it's "trick 'r treat" for the youngsters and parties for the older ones and little if any property damage is done. The people in a town deserve a compliment for bringing about that state of affairs, because you see it just didn't happen.

FOR MANY YEARS—The Hallowe'en parties for the young people of the Escanaba community have a long and honorable history. It started many years ago with a party for school children in the Senior High school and, we believe, that annual event has been responsible for much of the good conduct of Escanaba youngsters on Hallowe'en.

There are not many communities or many school boards that throw open a school on Hallowe'en and stage an entertainment party for the kids. If they did their Hallowe'en problem would probably be solved. The annual party at Senior high included entertainment events in the various rooms, put on by the student groups. You could see the Football Follies, go through a House of Horrors, have your face painted, your fortune told, or watch Dr. Sawbones perform an operation.

There was coke, candy and other refreshments at hand and the kids, big and little, could run and yell through the school building with an abandon that made the place seem like a party house instead of a school house. It was wonderful, and if you never saw a Hallowe'en party at the school you've missed something.

BLOWING OFF STEAM — By the time the party was over at 11 p. m. the kids—and the teachers whose responsibility it was to supervise the affair—were all so pooped they didn't have strength for mischief afterward. Not that the teachers planned any mischief, you understand.

MORE PARTIES — Last year Hallowe'en the PTA unit at the Webster school sponsored a party for the youngsters of that area that was highly successful. Everyone had a good time, including the parents who pitched in with the planning, the entertainment, the decorations and the refreshments.

You see, it's a long way for many young children to go to the Senior High school building, so the party in the Webster grade school provided entertainment for a lot of youngsters who would never have gotten to the big party at the high school on the south side of town. This year on Hallowe'en the idea of PTA-sponsored parties is being ex-

INTO THE PAST

Ten Years Ago

Escanaba—Gordon Larson, son of Mr. and Mrs. Richard Larson, South Seventeenth street, is now a member of the United States Navy at the Great Lakes Training center.

Escanaba—Roach Kidd, Donald Girard and William Connelly are fighting with the Loyalist Government troops in Spain, according to word received here. The boys gave their address as Albacete, Spain, and stated they had encountered shortages and asked for candy, cigarettes and woolen socks.

Manistique—Moving off her course in the dense fog which surrounded Lake Michigan, the fish tug, the Florence, of Henry Rogers went aground on the rocks about 100 feet from the city trailer park, last night.

Twenty Years Ago

Escanaba—Mr. and Mrs. T. Beaton, sr., and Mr. and Mrs. M. Considine have returned from Minneapolis where they attended the Beaton-Considine nuptials.

Manistique—C. W. Jackson, commander of Manistique Legion Post, has received a letter from L. F. Richardson, commander of the Newberry unit, inviting the Manistique Legionnaires on a trip to Tahquamenon Falls.

Gladstone—William F. Girard and George Glazier of Washburn, Wis., have been engaged for the Outdoor Life Exposition in the Coliseum in Chicago, next May.

Escanaba—W. P. Belanger, deputy collector of customs here, has received official notice from the U. S. Customs Service office in Detroit that Escanaba has been abolished as a port of entry effective Oct. 30, but will remain open as a customs station.

tended to all the grade schools in the city, and at this time the committees are beginning to make their plans for the events.

HIGH SCHOOLS, TOO—Grade school students are expected to attend the Hallowe'en party at their own school, and there will also be parties at the Senior High and Junior High for their students. In this way every student in the city will be entertained at his own school, and the youngsters will not have far to go in returning to their homes after the party.

The High school students will go in for dancing as well as the more traditional Hallowe'en entertainment. There will be costumes and fun for everyone. And, for the first time in many years, the Senior High boys and girls will have their own brand of fun rather than staging events to amuse the younger fry of the city. Someone should strike a medal of merit to present them for the work they have done in past years.

AT A MINIMUM — These school parties will, we believe, make for better fun for the youngsters and reduce the high jinks antics on the streets to a minimum on Hallowe'en. It will be safer for the children, and undoubtedly it will create new interest among the parents in their school and its PTA unit.

For you will see many parents accompany their children to the grade school parties, some out of curiosity, some to assure the safety of their children on the street, and some because they want to join in the fun.

What strikes us as being particularly noteworthy is the increasing public use of Escanaba school facilities for the good of the community. The Hallowe'en

Roving Reporter

By Hal Boyle

Albert Lea, Minn., (AP)—Every American community has in it obscure but talented men with ideas for practical new projects—projects that produce jobs and profits.

But in many cases the projects stay in the dream stage because the man with the idea lacks the capital or "know how" to put it into effect.

Not here — thanks to a unique organization known as "Jobs, Inc." "Jobs, Inc.," was set up for just that purpose—to abolish community unemployment by encouraging the launching of new job-creating enterprises.

Chosen As Guinea Pig

President of this unusual organization is C. E. Myers, civic-minded district manager of a power company, who has a conviction that every community can help its own commercial growth by stimulating talent now going to waste.

Here's how the "Albert Lea plan" began:

Back in 1943 this bustling small Minnesota city was chosen as the guinea pig by the Chamber of Commerce for a study in community post-war planning.

Canvassers checked consumers and learned what they wanted to buy, checked manufacturers on how many men they planned to hire. As a result of the survey the city came out with a concrete estimate of its immediate future.

That future was rosy, but it indicated 468 new jobs would have to be found to keep Albert Lea's returning servicemen employed.

"We decided that this was a community problem and could be met on the community level," said Myers. "Our idea was to coordinate the talent of the community for the sole purpose of increasing jobs."

He and ninety-nine other local businessmen put up \$100 each to launch "Jobs, Inc."

New Industries Started

Committee made a survey of what services were lacking in the community, and then set about encouraging enterprises to provide them.

In this way a brass foundry was established; a creamery, milk machinery company and other new manufacturers opened plants here.

But the men behind "Jobs, Inc." are prouder of the organization's role in developing local ideas and talent. For example, scrap wood accumulated at a firm making wagon tongues. Two young men had an idea they could use the scrap wood to make toys. "Jobs, Inc." helped finance them and find a building. The toy making firm soon had ten employees.

Many small similar enterprises have been put on their feet. A man with an idea for a new-type raincoat to sell to farmers came to "Jobs, Inc." Unaided, he couldn't work out several "bugs" in his invention. The organization found the men who could and helped him develop a simplified production technique. Now his product is ready for the market, and "Jobs, Inc." is assisting him with his sales program.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—One of the most important treasures of war information in existence are the Nazi files seized by the U. S. Army after it entered Germany. The Nazis were methodical keepers of records, and almost everything they did, ranging from conferences with Hitler to actions by deputy fuhrers, was faithfully recorded and filed away.

In the opinion of Secretary of the Army Kenneth Royall, these papers, which throw significant light on how we can avoid war in the future, should be made available to the American people.

American soldiers gave their blood to capture them, and Royall has tried to persuade the state department to open the files to the public.

However, Wall Street Banker Bob Lovett, acting secretary of state, feels otherwise. And following his usual hush-hush policy, these revealing papers have been kept secret.

This column, however, has been able to obtain one sensational Nazi document giving the minutes of the meeting at which Hitler's advisers plotted the master-plan for the extermination of European Jews. The meeting was held on Jan. 20, 1942. And while history has now shown what happened since, the public does not know the names of the men who planned this mass extermination and the detailed way in which they worked it out.

Furthermore, despite the long drawn-out war crimes trials at Nuremberg, these men have not yet been indicted.

Minutes of this Berlin conference record in cold type the plan to put Jews in work camps and literally work them to death, or as the Nazi record puts it "fall out through natural diminution."

"The remnant that finally is able to survive all this," states the conference memo, "must be given treatment accordingly," since they might become "the germ cell of a new Jewish movement, should they be allowed to go free."

—MACHINERY FOR END OF JEWS—

"Top secret conference record: "I. The following persons took part in the conference on the final solution of the Jewish problem held on 20 January 1942 in Berlin, Am Grossen Wannsee No. 56/58: "

"Gauleiter Dr. Meyer and Reichsamtsleiter Dr. Leibbrandt, Reich ministry for the occupied eastern territories; State Secretary Dr. Stuckart, Reich ministry of the interior; State Secretary Naumann, commissioner for the four-year plan; State Secretary Dr. Freisler, Reich ministry of justice; State Secretary Dr. Buehler, office of the governor general; Under State Secretary Luther, foreign office; SS-Oberfuehrer Klopfer, party chancellery; Ministerialdirektor Kritzinger, Reich chancellery; SS-Gruppenfuehrer Hofmann, race and settlement main office.

"II. At the beginning of the meeting the chief of the security police and the SD, SS-Obergruppenfuehrer Heydrich, reported his appointment by the Reichsmarschall to serve as commissioner for the preparation of the final solution of the European Jewish problem, and he pointed out then that the officials had been invited to this conference in order to clear up the fundamental problems. The Reichsmarschall's request to have a draft submitted to him on the organizational, physical and material requirements with respect to the final solution of the European Jewish problem necessitated this previous general consultation by all the central offices directly concerned, in order that there should be coordination in the policy.

"The primary responsibility for the administrative handling of the final solution of the Jewish problem will rest centrally with the Reichsfuehrer-SS and the chief of the German police (chief of the security police and the SD) — regardless of geographic boundaries.

"The chief of the security police and the SD thereafter gave a brief review of the battle conducted up to now against these enemies. The most important phases are:

"A/ Forcing the Jews out of the various phases of the community life of the German people.

"B/ Forcing the Jews out of the lebensraum of the German people.

—"FINAL SOLUTION" OF JEWS—

"Meanwhile, in view of the dangers of an emigration during the war and in view of the possibilities in the east, the Reichsfuehrer-SS and the chief of the German police had forbidden the emigrating of the Jews.

"III. The emigration program has now been replaced by the evacuation of the Jews to the east as a further solution possibility, in accordance with previous authorization by the fuhrer.

"These actions are of course to be regarded only as a temporary substitute, nonetheless here already the practical experience has been acquired which in view of the coming final solution of the Jewish problem is of great importance.

"In the course of this final solution of the European Jewish problem approximately eleven million Jews are involved. They are distributed among the individual countries as follows: (Then follows a list of all European countries and their Jewish population, even including England, Ireland, Switzerland and Scandinavian countries not occupied by Hitler. The fact that these countries, together with Russia were included in Nazi tabulations, would indicate that Hitler planned to take all the countries of Europe and exterminate all Jews. At the time of this conference, Jan.

COAST GUARDS HEROES, BUT--

What Was Bermuda Sky
Queen Doing Out In
Ocean, Bob Asks

BY ROBERT C. RUARK

New York.—The Coast Guard conducted itself with its usual heroism, and the pilot of the Bermuda Sky Queen sat her down in the craggy seas with unusual skill. The 69 passengers got off fine, when the rescue ship came alongside.

But the question last week was like that old Pearl Harbor gag. What was the Sky Queen doing out there in that ocean, anyhow? It is no longer news that nine scheduled air-

craft, making the same run and facing the same headwinds, completed routine westward flights while the tired old duck, which should have been painlessly exterminated long ago, settled down into the drink from lack of fuel.

There seemed to be some argument about whether the Civil Aeronautics Board was wrong or right in allowing this weary wideoan to lug 69 people over water. By reaching way out you could say that it was not a violation of the CAB's recent ruling which prohibits foreign air operation as a common carrier for ships of this sort. You could call it a contract carrier, or an individual carrier, which breaks down into the simple saying that if a guy is nuts enough, he could legally charter a seagull to fetch him from here to there.

But any craft that sets out to lug 69 people over water can scarcely be construed as anything but a common carrier, because I doubt if you could ever get 69 people to pitch in enough nickels to make up a stated kitty for a charter flight. This thing was charging rates per person per seat, and as such, was flying in violation of the CAB's new rules.

And where, pray, was the CAB on this one?

The thing is today that people are at the mercy of wildcat organizations which make a pretty bold attempt to palm themselves off as regular, scheduled airlines. I've ridden in a couple myself. People get desperate when they want to leave some place for someplace else, and they will ride anything from a broomstick to a thunderbolt under the mistaken idea that it is a legitimate air carrier.

Which puts the Civil Air Board and the Civil Air Authority high up a tree. There has been, for instance, the scandalous doings in the transportation of Puerto Ricans to America by nonsanctioned craft, under the technicality that Puerto Rico is part of the United States and hence a trip therefrom is as innocent as a short hop from Brooklyn to the Bronx.

Lindy Hanson Winds Up Army Duty With One Year in Korea

T-5 Lindy Hanson, son of Mr. and Mrs. H. Hanson of Whitney, wound up nearly two years of Army service recently with an honorable discharge received at Camp Stoneman, Calif.

Lindy Hanson, whose home address is 1319 First avenue north, was stationed in Pasau, Korea, for a year and was returned recently. He served in the Japanese Command with the U. S. Engineering corps.

His plans for the future are indefinite.

E. W. Hopkins of Ironwood Dead

E. W. Hopkins, 80, a nephew of Mrs. J. B. Wilkinson, of 612 South 8th street, died Saturday night at his home in Ironwood. Mr. Hopkins has visited in Escanaba on numerous occasions and was well known here. He leaves his wife and two daughters. Services will be held Wednesday at Ironwood.

The Washington Merry-Go-Round

(Continued from Page 4)

1942, Pearl Harbor had just crippled the American fleet, the Japs were rushing toward India and the Germans still figured on taking Stalingrad).

"In the Jewish population figures given for the various foreign countries, however, only those of Jewish faith are included, as the stipulations for defining Jews along racial lines still are in part lacking there. The treatment of the problem as regards the general attitude and viewpoint will meet with certain difficulties in the various countries, especially in Hungary and Romania. It is still possible today in Romania, for example, for the Jew to acquire for money the right documents to give him official proof of a foreign nationality."

"The influence of the Jews in all territories in the USSR is known. In the European part of Russia there are perhaps five million Jews, in Asiatic Russia hardly one-fourth million."

"Broken down according to occupations, the Jews living in the European part of the USSR were about as follows: In agriculture, 9.1 per cent; as urban workers, 14.8 per cent; in commerce, 20.0 per cent; employed as government workers, 23.4 per cent; in private professions—medicine, press, theater, etc., 32.7 per cent."

"Under proper direction the Jews should now, in the course of the final solution, be brought to the east in a suitable way for use as labor. In big labor gangs, with separation of the sexes, the Jews capable of work are brought to these areas and employed in road-

building, in which task undoubtedly a great part will fall out through natural diminution."

"The remnant that finally is able to survive all this—since this is undoubtedly the part with the strongest resistance—must be given treatment accordingly, since these people, representing a natural selection, are to be regarded as the germ cell of a new Jewish problem in the government general is primarily the responsibility of the chief of the security police and the SD and his work was supported by the agencies of the government general. He had only one request, that the Jewish problem in this territory be solved as quickly as possible."

"In conclusion the various kinds of solutions were discussed, and here both Gauleiter Dr. Meyer and also State Secretary Dr. Beuhler advocated that certain preparatory tasks in the course of the final solution be performed immediately in the territories concerned; in this, however, any disturbing of the population must be avoided."

"With the request of the chief of the security police and the SD to those participating in the conference to afford him their support in the carrying out of the tasks in connection with the solution, the conference was concluded."

Personal News

Mr. and Mrs. Eugene LeClaire, Gladstone, Route One, have returned from Rhineland, Wis., where they attended the funeral of Mrs. LeClaire's cousin, Gordon Taggart, sheriff of Oneida county.

Mr. and Mrs. Compton Bennett, London, England, have arrived from Hollywood, Calif., to visit a few days with Mr. and Mrs. E. G. Bennett.

Mr. and Mrs. William Essex and daughter, Joyce Ann, of Lansing, and Mr. and Mrs. Robert Kelly, of Marinette, were among guests at the wedding of Verle Lieungh and Robert Loodeen, which took place here Saturday.

Mr. and Mrs. Henry E. Hathaway of this city and Mr. and Mrs. Theodore Farrow of Bark River have returned from Kalamazoo, Mich., where they attended a meeting of the Grand Chapter of Masons in Michigan. At the meeting, Mr. Hathaway was re-appointed district deputy Grand High Priest.

Gust Soderberg and Jack Carney left Sunday for a week of pheasant hunting in South Dakota.

Mr. and Mrs. Raymond Pintler left Monday morning for their home in Chicago following a visit here at the Howard Dishneau home.

Mr. and Mrs. Edward Kaschob of Wilson have returned from a trip to the west coast. They attended the wedding of Mrs. Kaschob's daughter, Rose, in Longview, Wash., and also visited with two sons and another daughter of Mrs. Kaschob, in Washington.

Mr. and Mrs. Charles Gunderson returned Sunday night from a four-day stay in Milwaukee and Chicago.

PFC Paul Sullivan visited at the home of his mother, Mrs. Lillian Sullivan, 312 South 14th street, over the weekend. PFC Sullivan was enroute from Fort Knox, Ky., to Baltimore, Md., where he will attend the Army Counter Intelligence Corps school. Mrs. Sullivan recently returned from Chicago after spending two weeks there with her sister who was ill.

Jewel Mousseau, 1402 First avenue south, and Marie Beauchamp, 910 Third avenue south, left today for a week's visit in Green Bay.

Charles Lefebvre, 404 South 12th street, left for Chicago today to meet his son, First Sergeant Robert Lefebvre who is returning from two and one-half years of duty with the army of occupation in Japan. Sergeant Lefebvre, who expects to be discharged shortly from the Army, will return to make his home with his father.

Miss Helen Schwalbach, 511 North 20th street, returned today to Green Bay where she is employed following a weekend visit at her parental home.

Mrs. Hulda Heddon, who was called here by the death of Birger Hedin, left today to return to her home in Madison, Wis.

Miss Helen Harrington, former instructor of the Escanaba public school system, left today to return to her classes in Winnetka, Ill., after spending the weekend here visiting friends.

Dale Wicklander, Appleton, Wis., is spending a week here visiting his grandparents, Mr. and Mrs. John Wicklander, and with the George Hurley family.

Mr. and Mrs. A. C. Laibly, Chicago, have returned following a weekend spent with Mr. and Mrs. W. L. Kennedy, South 11th street.

Mrs. Ernest Wallo, 324 North 21st street, left today for Milwaukee where she will spend a week or so with her sister, Mrs. Ray Beer.

Mrs. Foy Arbour, 213 South fourth street, left this morning for Salisbury, Md., called by the accidental death of her brother, MOMM 1c James Phillip Holden. Motor Macinist's Mate Holden was fatally injured in an automobile accident outside Philadelphia Naval Yard, Saturday.

Jack Novak, 420 South 8th street, is attending the American Royal Horse show in Kansas City.

Carl E. Andersons
Are Honored On
25th Anniversary

Mr. and Mrs. Carl E. Anderson, 910 South 17th street, who were married 25 years ago, were guests of honor at a silver wedding party, held Saturday evening at the Odd Fellows' hall, with 175 relatives and friends in attendance.

The hall was attractively decorated in autumn flowers and silver motifs for the occasion and the bride table at which the honor guests were seated, was centered with a large wedding cake.

The program of the evening, with Charles Pariseau, master of ceremonies, opened with the wedding march, played by Mrs. E. R. Gustafson, as Mr. and Mrs. Anderson entered the hall. Talks were given by Rev. Karl J. Hammar, C. N. Wood and Rev. Otto H. Steen, and the music features of the evening were vocal solos by C. Arthur Anderson, and Mr. and Mrs. Anderson's daughter, Florence, who was home from Lawrence college, for the occasion.

The honor guests were presented with a gift of silver.

Mr. and Mrs. Anderson received many messages of congratulation, among them a long distance call from their son, Gerald, who is in the United States Navy, and was in port in California.

Mr. and Mrs. Anderson were married in Escanaba. Their family includes one daughter, Florence, and two sons, Edward and Gerald.

Honor Al Olsons
On Silver Wedding

A program honoring Mr. and Mrs. Al Olson of 308 South 18th street on their silver wedding anniversary will be held Tuesday evening, Oct. 21, at 8 o'clock at Evangelical Covenant church, 14th street and First avenue south. No invitations are being sent out and all friends of the Olsons are invited to attend.

Mr. and Mrs. Olson were married 25 years ago in Escanaba. Sunday night they were honored at a family dinner at the Victor Anderson home, 809 South 12th street. Here for the anniversary celebration from out of the city are Mrs. Sally Manley, sister of Mrs. Olson, William Manley and Mrs. Kenneth Spencer, all of Belvidere, Ill.

Clothing Drive
Solicitation Is
Starting Today

A house-to-house solicitation in the drive for clothing for European relief, sponsored by the Seventh Day Adventist church, opens today, Chester Peak, chairman of the committee in charge, announced.

The solicitation will include every home in Escanaba.

Residents are asked to donate all the clothing and footwear that they do not need themselves. The members of the church will take care of the mending and cleaning and the packing of the clothes for shipment. The church also assumes all the responsibility and expense involved in getting the clothing to those most in need.

The denomination has a competent staff in Europe to take care of distribution and see that none of the articles get into the hands of black market operators. The help given is based on the need of the individual regardless of color, creed or nationality.

Those who will not be at home during the drive are asked to place the clothing in a carton, leave it on the front porch and call 1598, and the clothing will be collected.

The Seventh Day Adventist
church has shipped over 1,000
tons of clothing to Europe since
1945. The church also has estab-
lished feeding stations in many
cities through Europe and has
been instrumental in moving
many children from European
homes to Switzerland in order
that they may receive better food
and care.

Those who will not be at home during the drive are asked to place the clothing in a carton, leave it on the front porch and call 1598, and the clothing will be collected.

Those who will not be at home during the drive are asked to place the clothing in a carton, leave it on the front porch and call 1598, and the clothing will be collected.

Blue Bird Hike
Jefferson Blue Birds, under the

Raymond Pintlers
Honored at Silver
Wedding Dinner

Mr. and Mrs. Raymond Pintler, of Chicago, former residents of Wells and Nadeau who have been guests at the Howard Dishneau home, were honored at a dinner party, arranged in observance of their silver wedding anniversary, held Saturday evening at the Bluebird Inn at Nadeau.

Forty guests attended, including relatives and friends of Escanaba, Nadeau and Powers.

Dancing and other social diversions followed the dinner. The honored guests were presented with a gift of silver.

Among the out-of-town guests at the silver wedding party were Mr. and Mrs. Lee Staton, Mr. and Mrs. Raymond Johnson and Miss Hazel Eagen, Chicago, Mr. and Mrs. Wilfred Dishneau, Detroit, and Mr. and Mrs. Leonard Dishneau, Ironwood.

Mr. and Mrs. Pintler were married in Escanaba. They have two daughters, Mrs. Carl Jaeger and Joan.

Leadership of Mrs. Roy Swanson, Miss Ann Sprick, Mrs. Clarence Carlson and Miss Loretta Swanson enjoyed a "hobo" hike to Danforth Saturday. While there the girls enjoyed exploration trips through the woods.

Morning Star Party
The Morning Star society will entertain at a grocery party Wednesday evening, October 22, at the North Star hall, immediately following the business session which opens at 7:30 o'clock. The public is invited to the party.

You'll Be Glad You Chose The New Big Capacity

ABC WASHER

When your washer bears the name, ABC, you can be confident that you own one of America's finest! For quick proof, run through the check list below. For lasting proof, enjoy years of carefree ABC washings ... with clothes brighter, whiter and cleaner.

Check These Outstanding Features

- **PORCELAIN TUB** ... giant capacity, gives lasting beauty and service. Pioneered and built by ABC to assure rigid control and highest quality.
- **HIGH AGITATOR POST** ... above water line drive. The leak-proof way of driving agitator.
- **NON-TANGLING AGITATOR** ... will not tangle apron strings, stockings, lace curtains. Clothes circulate thoroughly—don't "ball up."
- **WRINGER DESIGNED AND BUILT BY ABC** ... requires no oiling. Completely self-adjusting to thick or thin garment. Swings into eight self-locking positions.
- **4-COIL SPRING TENSION wringer principle**. Applies independent and equalized pressure at both ends of roll. Dries a handkerchief or blanket without adjustment.
- **ABC 6-WAY SAFETY WRINGER RELEASE** ... safety from any angle. Touch release can be reached from both sides of wringer.
- **ABC ROLL-BEARINGS** are specially engineered for long, trouble-free life. Oil-less, no lubrication required.
- **PRECISION-BUILT GEAR CASE** ... finer engineering for finer performance, quieter operation, and longer life.
- **ABC-MANUFACTURED HEAVY DUTY GEARS** ... made to measurements so fine they rival the precision of the finest motor car. This means day-after-day dependability.
- **FORCED-FEED LUBRICATION TO BEARINGS ABOVE OIL LINE** ... another exclusive ABC feature. As important as the forced-feed lubrication in your car.
- **EXTERNAL GEAR CASE ADJUSTMENTS** ... permits adjustments to the driving mechanism from outside the gear case, gives new-machine quietness after years of hard service.
- **ABC CLUTCH** ... eliminates disengaging of gears. Starts washer mechanism smoothly, quietly, without clashing gears. Saves wear.

To be sure of enduring **QUALITY** ...

the manufacture and distribution of feed.

1—That the poultry-less day brings needless hardship on producers, because chicken and turkey supplies are large both on the farm and in storage. The agriculture department last week reported that storage supplies of fowl were at a record high for the season on Oct. 1.

2—That many of the estimated 300,000,000 fowl now beginning to come to market may be kept on the farms, where they will continue to consume grain.

SOCIETY WOMAN KILLED

Hamilton, Mass., Oct. 20, (AP)—Mrs. Gilbert L. Steward, 39, of Topfield, prominent Boston and New York society woman, was injured fatally yesterday when thrown from a horse while riding on the estate of her aunt, Mrs. George S. Patton Jr., widow of the famed general.

The Christian Church is believed to exist now in every capital city in the world with but three exceptions. Lhasa, Tibet; Mecca, Arabia; and Kabul, Afghanistan.

TRAMS SPEAKS TO KIWANIS

Explains Many Phases Of Chinchilla Ranching

Chinchilla farming is still in the experimental stage but it definitely is not a racket, Melvin Trams, Escanaba, president of the Upper Peninsula Chinchilla Breeders association, told Kiwanians in an interesting talk this noon at the Sherman hotel.

"Actually, the chinchilla fur industry is not new," Trams said. "In the early 1800's, many wild chinchillas were trapped in the Andes mountains of South America. Millions of pelts were imported in this country and competed successfully with other furs, particularly those shipped in from Russia.

Trams went on to explain that the chinchillas became almost extinct in their native haunts because of the heavy kill. A mining engineer, named Chapman, hired a crew of natives to trap a couple dozen of the fur bearers and brought them to California, where he started the domestic raising of them about 1920. From this initial stock of seven females and five males, the number of chinchillas has increased to almost 30,000, Trams said.

At the present time, the chinchilla industry is not thinking of marketing pelts, Trams continued. The main objective is to increase the population to a point where commercial pelting may be started. This will not come for five years or more, he predicted. Pelts that have been sold in recent years were casualty furs from chinchillas that had died of disease or old age.

Trams displayed an eight-month old chinchilla at the meeting and told various facts concerning the breeding, feeding and care of the fur-bearing animals.

Compton Bennett, British movie director, who directed the production of the famous English movie, The Seventh Veil, was a guest at the Kiwanis club meeting. He is visiting his brother, E. G. Bennett, general manager of the Escanaba Paper company, whom he had not seen since the latter left England 42 years ago.

"Rented the first day" said Smith.

SPECIAL TERM IS SCHEDULED ABOUT NOV. 10

(Continued from Page One)

ies, but the legislature has a constitutional duty to appropriate the money.

"We might as well settle this one time as another if the employees are entitled to a raise they are entitled to it now."

Wilson said the disparity between state salaries and those in other governmental units was draining staffs from the mental

St. Louis' Boxer Judged Champion Of Escanaba Dogs

A brindle boxer, owned by Stanley St. Louis, of Escanaba, was adjudged best dog in the pet parade and dog show given Sunday by the Farmers Supply company. The St. Louis boxer was selected from a group of first place dogs in the various classifications.

In the miscellaneous class Ard is Cartwright's pekingese was awarded first place; Jean Gereau's toy terrier second, and Jimmy Schram's bull terrier third.

In the terrier and pekingese group a pair of black pekingese owned by Mrs. Phil Kidd took first place; a buff pekingese of Danny Kidd took second, and Carlton Johnson's fox terrier third place.

A bull dog owned by Mr. and Mrs. Ray LeDuc and shown by Mary Jane Larson was awarded first place in the Boston terrier and bull dog class. Second place went to John Plansky's Boston terrier and third to Jimmy Schram's Boston terrier.

Mrs. Roland Dault's blonde cocker spaniel won first place in the spaniel class and was followed up by a black cocker spaniel of Tom Gafner and a blonde cocker owned by Miss Mary Friets.

The champion brindle boxer of Stanley St. Louis, exhibited by A. Boudreau, took first in the working class. Second place was awarded a German shepherd of Joseph Goodman and third to a German shepherd owned by Roy Schmidt.

Miss Fredrica Sensiba was awarded consolation prize for her poodle.

hospitals, the state prison of Southern Michigan, the state health department and certain technical and professional positions.

Wilson reported there have been 1,085 resignations in the month preceding Sept. 20 and more than 500 since then, mostly in the hospitals.

He said the Pontiac state hospital had 43 nursing vacancies and quoted the hospital superintendent as saying the staff could not maintain even minimum coverage of the halls. The hospital authorities were quoted as saying that at any time the situation there might

get beyond control.

There are now no graduate nurses at the Gaylord Tuberculosis sanitarium, Wilson said, and surgeons from the University of Michigan, operating at the hospital must bring their own nurses with them at a cost of \$25 a day.

The Michigan Veterans Facility at Grand Rapids also is without graduate nurses, Wilson said. He declared the state is attempting to hire hospital attendants for a 48-hour week at from \$145 to \$165 a month while Wayne county is paying \$192.50 to \$207.50 for a 40-hour week with time and a half for overtime.

Death Toll Totals 17 For Michigan Weekend Accidents

(By The Associated Press)

A two-car collision that took eight lives sent Michigan's weekend traffic death toll soaring to a total of 17.

Mist and heavy rains contributed to motoring hazards Saturday but the fine weather that followed brought thousands of cars crowding roadways on Sunday.

The two-car crash two miles west of Montrose Saturday also left two children, orphaned in the

accident, in critical condition.

Attendants at Hurley hospital in Flint reported Donald Keeler, 11, and his five-year-old brother, Ralph, were suffering serious head injuries, fractures of both legs and multiple lacerations.

In serious condition was Cecil J. Williams, 30, sole survivor of a group of five war veterans enroute to St. Charles for a wedding when the crash occurred.

His companions were Robert Nicolai, 30, Robert Van Peeren, 29, Maurice Connolly, 32 all of Detroit, and Wahlworth Carroll, 29, of Dearborn. Carroll died several hours after the accident in Hurley hospital.

Killed instantly were George N. Keeler, 38, of Flushing, his wife, Wilma, 36, and two daughters, Dorothy 8 and Ruth 3. The Keeler family was enroute to a funeral when the two cars collided in a heavy mist.

MORE DETROIT HOLDUPS
Detroit (AP)—Thieves robbed a home and a store of \$4,375 and \$3,000 in checks while five hold-ups over the weekend netted bandits more than \$300 in cash, police reported. Detectives said two victims reported being held up by bandits who handed them notes that directed them to turn over their money.

Smart Winter Styles for Boys and Girls!

CHILDREN'S COATS

GIRLS' COATS are brighter — more style conscious — NEW! Suedes or fleeces in solids, plaids, combinations! Fitted, boxy and new swing back coats — rich leopard plush, fur pom poms, nailhead and embroidery trims! Aqua, kelly, red, blue, gray, wine. Sizes 7 to 14.

111 Cedar StreetFIRE MENACE
SERIOUS HERESeven Fires Seen From
Fire Tower Near
Here Sunday

Conservation and forestry department employees are battling brush and forest fires in many parts of Schoolcraft county at present. The extent of the damage has not as yet been ascertained, but throughout Sunday reports of new fires came into local headquarters and area headquarters at Newberry with increasing frequency.

About seven o'clock Sunday evening, the lookout stationed at a fire tower east of here reported that smoke from seven widely separated areas was plainly visible.

The most serious blaze was located two miles north and west of Germfask where about thirty acres of land covered with seven year old hardwood slashings and poplar brush were burned. Two tractors equipped with plows and a bulldozer effectively confined the blaze to the area involved.

A serious fire threat was also reported a short distance from Cooks.

The conservation department reports that the fire hazard at present is the most serious in years. Humidity is extremely low trees have shed most of their leaves and bracken ferns are dead and dry as tinder. The forestry department which rates fire hazards in figures of from one to seven, declare the menace to be number seven or at its maximum.

Hunters are therefore admonished to use extreme care in handling campfires and in the way they dispose of matches, cigars and cigarettes.

Car Wrecked In
Collision With
Deer Sunday A.M.

A car, driven by Ferris Gray, of Cooks, heading for Manistique on Highway U. S. 2, collided with four deer and was badly wrecked in the early hours of Sunday morning. Matt Walters, who was with Gray in the car at the time was hurt, suffering a shoulder injury. Gray escaped with a few bruises.

The animals were evidently grazing at the side of the road and ran into the path of the oncoming car. Three of them, a doe and two fawns were killed and the other deer, was hit, but apparently not seriously hurt.

Russell Watson
Addresses Mich.
Forestry School

Russell Watson, president of the alumni association of the University of Michigan School of Forestry, addressed the forestry school assembly while on a recent visit there.

Mr. Watson was joined by five other officers of the alumni association and they discussed problems confronting the forestry school with Dean S. T. Dana of the School of Forestry. Later the officers inspected the saw mill at the university's reserve at Stinchfield Woods, which was provided by contributions of alumni.

City Briefs

Mr. and Mrs. Otis Nelson, North Fifth street, are spending a few days in Minneapolis.

Vern Linerth has left for a visit with relatives and friends in Columbus, Ohio.

Briefly Told

VFW Notice—The VFW Sisters and Comrades and their guests are cordially invited to attend an open meeting of the VFW Auxiliary to Schoolcraft County Post 4420, at the K. of C. hall tonight at 8 o'clock. WBA Notice—All members of the Women's Benefit association who plan to go to Newberry on

MISS HEGGBLOM
PASSES AWAYDeath Comes To Young
Woman Well Known
In Manistique

Funeral services will be conducted here Tuesday afternoon at 2:30 o'clock at the Zion Lutheran church for Miss Helen Heggbloom, daughter of Mr. and Mrs. U. S. A. Heggbloom, of Detroit.

Death came to this young woman, well known in Manistique, following a four year fight against an internal malady in which the aid of schoolmates and members of the Detroit bar was enlisted in a vain effort to save her life.

During the fight, friends and schoolmates had contributed blood for 161 transfusions but these ministrations proved of no avail and the end came at the Ford hospital in Detroit last Saturday.

During her long period of illness, spent at hospitals at Ann Arbor and Detroit, the curtains of her room were at times covered with letters of cheer and well wishing from her friends, and up to the very end she never gave up hope.

Miss Helen was born in Detroit on August 2, 1926 and made her home in that city. She, however, spent most of her summers in Manistique. She was a graduate of Cooley high school, in Detroit and had spent a year at Detroit University, when illness forced her to give up her studies. She was a member of Bethany Lutheran church in Detroit and active in young people's activities in that congregation.

Surviving her are her parents, Mr. and Mrs. U. S. A. Heggbloom, her paternal grandfather, John Heggbloom, and her maternal grandmother, Mrs. Anna Soderbeck, both of Manistique.

The body will arrive in Manistique Monday evening and lie in state at the Kefauver & Jackson funeral home until Tuesday noon, after that at the church. Interment will be in Lakeview cemetery. Cousins and uncles of Helen will be pallbearers. They are Clifford Johnson, Paul and David Nessman, Gus Nye and Vern Ekstrom.

Mr. and Mrs. Gerard Gauthier and daughter, of Dearborn, visited here a few days with the former's parents, Mr. and Mrs. Henry Gauthier, Cedar street.

October 22 are to meet at any of the following places at 5:15 p. m.: Mrs. L. R. Thornton, Mrs. George Weber, Mrs. Alex Robertson, or Schuster's corner.

Drill Team—The Macabee Drill team will meet Tuesday evening at the home of Mrs. Dave Cooper at 8 o'clock. Mrs. Rhoda Ekberg will be assisting hostess.

Two Buildings At
Jackpine Lodge
Burn To Ground

Two buildings at the Jack Pine Lodge north of here on Highway M-94 were destroyed by fire Sunday evening. The fire was discovered about five o'clock Saturday evening in a new bath house, which Elaine Brannen the proprietor had recently completed, and had gained such headway that nothing could be done to save it. It soon spread to the nearby ice house and it soon was in ruins. The local fire department was summoned and responded to the call.

The loss of the buildings is partially covered by insurance but a valuable chest of tools owned by Brannen, stored in the bathhouse at the time was lost and was not insured.

Patricia McNamara
Now Graduate Nurse

Miss Patricia McNamara, daughter of Mr. and Mrs. Leo McNamara was a member of a class of student nurses due to receive their diplomas Saturday from the Providence School of Nursing in Detroit.

Miss McNamara graduated from Manistique high school in 1943 and entered nurses training shortly afterward. She arrived here Monday from Detroit and returned Thursday accompanied by her mother, who attended the commencement.

The Providence Hospital School of Nursing is under the direction of the Daughters of Charity of St. Vincent de Paul.

To Hold Women's
Club Meeting On
Thursday P. M.

Members of the Manistique Women's Club are asked to note a change in the time of the next meeting of that organization. The meeting will be held on the afternoon of Thursday, October 23, instead of on Tuesday afternoon which is the day customarily set.

Featured on the club's program will be Mrs. George Francis, of Saginaw, antique collector and popular book reviewer, who will speak on the subject, "Samplers, Old and New."

A reception for teachers in public schools will follow the program. A special invitation has been extended to all teachers to be present at the meeting.

Disabled Veteran
Makes Solo Flight
At Local Airport

Loss of a leg is a serious handicap under any circumstances, but William Blowers, a World War II veteran who suffered the loss of a limb in the war, isn't wasting any time bemoaning his fate.

He recently took up flying at the local airport and last Friday made his first solo flight. Not only is he qualified, but observers state that he is better than average.

GRAFF HEADS
RECREATION BD.Succeeds Russ Watson
Who Recently
Resigned

Howard Gaff is the new chairman of the Manistique Public Recreation board.

At a recent meeting of the board, Russell Watson, who has acted as chairman of the organization since its inception about two years ago, requested to be permitted to resign. The board complied, regretfully, to his request.

Anticipating the demand for numerous recreational activities for the fall and winter season, the board has outlined a comprehensive program for the coming months.

On next Thursday evening, the city basketball players and managers will meet in the Old Gym to discuss plans for the coming season. The meeting will start at 7:30 and all players and sponsors are requested to be present to voice opinions and make suggestions.

Team sponsors, says T. H. Reque, recreational director, are particularly urged to be present so that preliminary arrangements for schedules, gym practice nights and election of officers can be arranged. At least six teams are likely to be entered in the league. Unassigned players should turn in the names to Mr. Reque before

Thursday night.

Women's Athletic League
The Lincoln gymnasium, on Tuesday nights, beginning November 11, will be the organization place and date for the forthcoming ladies' league. Miss Helen Thorell has been engaged by the board to conduct the class. Bad-

minton, basketball, tennis, handball, folk-dancing and supervised exercise are on the schedule. All ladies interested in athletic activity during winter months are urged to attend the first meeting, or to phone their registration. There will be no charges or age limits.

St. Joe Wallops Crystal Falls, 40-14; Gladstone Tips Ishpeming

Scrappy Escanaba Team Gains Consistently To Chalk Up First Victory

Assuming the roll of favorite for the first time this season, the St. Joseph Trojans lived up to their advance billing and trounced the Crystal Falls high school football team, 40-14, before a small crowd at the high school athletic field Saturday afternoon.

Displaying a varied attack of off tackles, end runs, and forward passes, the Trojan backs reeled off consistent gains behind an aggressive, fast charging line.

As the game started, Crystal Falls' attempt for a short kickoff was successful as the ball hit Gordon Hermes, Trojan left tackle, on the 40 and was downed by Bill Bottger, visitor left halfback on the 33. Three line plays netted three yards and Pete Larson, outstanding Crystal Falls back, was forced to punt. Bob Ramspeck received on his 31 and returned to the 48. After racking up three successive first downs, Ramspeck skirted right end to score the first touchdown from the seven yard line. Harold Marenger, fullback, plunged through tackle for the extra point.

Crystal Falls Strikes Back
Pete Larson received Miron's kickoff on the four and returned to the 40. Three line plays netted little, whereupon Gene Davis, right end, punted to Bob Tupper on the Trojan 25 and Crystal Falls recovered. Five plays later the aggressive Pete Larson skirted left end for four yards and a touchdown. Larson passed to Davis to knot the score at 7-7.

As the second quarter began Bob Ramspeck passed to Paul Laviolette for an 18-yard gain on the visitor's 25. Three line plays netted 15 yards and the shifty Laviolette scored from the ten on an end run. Husky Harold Marenger again added the extra point on a plunge to make the score 14-7.

Pete Larson fumbled the ensuing kickoff and Bill Courneene, St. Joe left end and co-captain, recovered on the Crystal Falls 25-yard stripe. The Trojans drove to the two yard line and Marenger battered through left tackle for the third touchdown. Gerald Harris, quarterback passed to Courneene to make the score 21 to 7.

Marenger Goes Over
Crystal Falls' rooters rose from their seats as Larson took the kickoff from his 15 and raced to midfield on a fine display of open field running. The St. Joseph forwards were too strong, however, and Davis got off a poor punt to the 33. Aided by an interference ruling on a pass from Gerald Harris to Jack Miron, Trojans stellar end, the Parochials were on the march again. Running plays brought three successive first downs to the visitors 25, and Ramspeck hit Harris with a pass on the one yard line. Again Harold Marenger plunged over to swell the score to 27 to 7. A pass play for the extra point was incomplete. The half ended a few minutes later with Crystal Falls in possession near midfield.

After some see-saw ball early in the third quarter, Duncan Brooks, Crystal Falls back, took a St. Joe punt on the 15 and returned to the 18. Aided by two penalties totaling 20 yards, the visitors moved downfield swiftly paced by the elusive Pete Larson who passed four yards to Pivatto for their second touchdown. The combination reversed as Pivatto did the passing and Larson the receiving to add the extra point.

Trojans Keep Rolling
As the fourth quarter began the fighting Trojans were on the march again. Gerald Harris passed to Paul Laviolette who galloped to the Crystal Falls 44. Ramspeck slid through tackle for 15 yards. Marenger's pass intended for Miron was intercepted by Brooks who then fumbled with Miron recovering on the 27. Laviolette slid through right tackle for 16 yards before the Trojan ace, Bob Ramspeck, rounded right end, reversed his field, and scored standing up without a hand being laid upon him. Jack Miron couldn't quite reach a pass from Harris for the point. Score: St. Joseph 33; Crystal Falls 14.

Midway in the fourth period the Parochials checked a Crystal Falls drive and took possession on downs on their 32-yard line. A five yard penalty pushed them back to the 27. Jack Miron moved to the backfield and from a deep punt formation heaved a 38-yard pass to Gerald Harris on the visitor's 35. Ramspeck galloped around right end to the 18. Paul Laviolette made 3, and Bob again crashed through right guard to the six. Gerald Tanguay, substitute halfback, skirted right end to

score and complete the rout. Harris passed to Courneene for the extra point to make the final score 40 to 14.

Coaches Clarence Needham and Fritz Farrell inserted a complete team of reserves to finish the contest. Roger Williams intercepted a Crystal Falls pass thrown by left halfback Bill Bottger as the game ended.

Although all members of the St. Joseph forward wall deserve credit for their fine line play, left guard Fred McGuigan and right guard Wally Marenger were exceptional bulwarks on defense.

Packers Explode In Last Period To Tip Redskins' 27 to 10

Milwaukee, Oct. 20—Curly Lambeau's Green Bay Packers held their place in the thick of the National Football league race Sunday afternoon, beating Washington's pesky and ever dangerous Redskins in a well played game before 28,572 fans at state fair park, 27-10.

There was no question about the better team, perhaps, but there certainly was a question about the outcome until the fourth quarter in which the Packers broke a 10-10 tie with a 17 point spurge.

The Packers, hanging up their third victory against one defeat, scored in a variety of ways—some of them spectacular. They got their first touchdown simply enough when Fritsch bucked over from the two in the early minutes and their next three points also simply enough when Ward Cuff booted a field goal from the 14 a few minutes later. Then they got fancy. They earned their second touchdown early in the fourth quarter, with the score tied at 10-10 at the time, on a 28 yard pass, Tony Canadeo to Nolan Luhn, that caught the Redskins absolutely flatfooted; their next three points on a 49 yard field goal by Fritsch—the longest of the season—and their last touchdown on an intercepted pass that Bob Forte plucked out of the air and carried 65 yards after it had bounced out of Eddie Saez's hands. All the extra points were made.

Braves Have 20 In Row Without A Defeat After Beating Visitors, 37-13

Gladstone, Oct. 20—Sparked by Capt. David LeGault who personally accounted for half of his team's touchdowns, the Gladstone Braves ran their string to 20 games without defeat in the past three seasons when they defeated the Ishpeming eleven, 37-13, at Marble Athletic Field Saturday afternoon.

LeGault accounted for three of the Braves' touchdowns, two of them on runs of 43 and 50 yards, respectively, and his nifty running, passing and team generalship were the big factor in the victory.

Ishpeming came here primed and for more than a half they gave the Braves their toughest competition of the season.

Gladstone won the toss and received and it took only four plays to fashion a touchdown. The kickoff was returned to the 40 and LeGault and Gillis made it a first down on Ishpeming's 45. Gillis plunged for two. LeGault shot through left tackle, reversed his field and went 43 yards for the first touchdown. The placekick for extra point was low. Gladstone 6; Ishpeming 0.

Forced to punt after making one first down following the kickoff, the Braves took the ball on their own 35 and on the first play fumbled, the Hematites recovering on the Braves' 30. The Braves held on the one foot mark but LeGault's punt went out on the 23 and Ishpeming started rolling and this time a pass from the sharp shooting Corcoran to Naull was good for a touchdown. The placekick for extra point was good and Ishpeming led 7-6.

Ishpeming held after the kickoff and LeGault's punt was out of bounds on the Gladstone 49. Corcoran passed to Sardini on the 20 but a fumble recovered by Gladstone on the 26 halted the threat. LeGault then started a personally conducted tour of 74 yards to the goal. He dashed 15 to the 41. Gillis hit for 3 and Lessard on a quick opener went 10. LeGault then went to the Hematites' 37 and then rolled for 15 more and another first down on the 22. Gillis drove for 3 and LeGault was away for 14 more and first down on the five. He then cracked right tackle for five and a touchdown and then dove over for the extra point to

put the Braves out in front 13-7.

Tied At Half

The Hematites received and starting on their own 33 drove 67 yards for a score. Some nice running by Johnson mixed with some sharp aerials by Corcoran were good for four consecutive first downs and a touchdown. They were aided by an interference penalty close to the goal. A plunge for extra point failed and the score was deadlocked at 13-all at the half.

The Braves bounced back in the second half to almost make a rout of it. Holding after the kickoff they took Ishpeming's forced punt on their 33 and Lessard and Gillis collaborated in a first down to put the ball at midfield. LeGault broke through tackle and cut to the right sidelines and raced 50 yards for a counter. LeGault tried running right end for the extra point but failed and the score was 19-13.

Ishpeming was unable to gain and their punt was downed on the Gladstone 20. Gillis got 4 and Lessard 7 for a first down and then LeGault got 7. Gillis 2 and Lessard 4 for another first down on the Gladstone 44. LeGault passed to Gillis for 9½ and Madden went five for a first down. LeGault chalked up another first down and then passed to Madden in the clear for 15 and a touchdown. A plunge for point failed and the score was 25-13.

Lessard, Gillis Score

Ishpeming resorted to passes again and drove to the Braves' 38 where Gladstone stiffened and

took over. LeGault dashed 22 for a first down on the Ishpeming 40, almost getting away for another long scoring run. Gillis got five and LeGault made it first down on the 30. Lessard was good for five, Gillis was stopped but a pass from Gillis to Moreau was good for a first down on the 18. LeGault drove for 7 to the one yard marker and then Gillis plunged for the touchdown. Again the try for extra point by placement was not good.

An intercepted pass set up the final counter. LeGault caught one of Corcoran's long heaves at midfield and trotted to the Ishpeming 30. Gladstone was penalized 15 but on the next play LeGault took a lateral and then hurled a forward to Gillis who went to the one-yard mark before being downed. Lessard drove over for the final counter and the score was 37-13. A pass for extra point was not good.

The closing minutes found the Gladstone reserves battling it out with the Hematites.

BADMINTON TONIGHT

Beginners and more experienced badminton players will gather at 7:30 p. m. today at the Senior high school under the recreation department's games program. All persons interested in playing badminton are welcome.

Mountaineers Trounce Eskymos, 26-6

Iron Mountain, Oct. 20—Unable to cope with an alert, relentless attack sparked by one Paul Gingrass and ably assisted by Dave Freeman and a host of others, the Escanaba high school Eskymos fell before an Iron Mountain onslaught as a crowd of more than 2,000, including hundreds of Eskymo sympathizers, looked on. The score was 26-6.

A devastating first half provided the game-winning margin. Trailing 20-0 going into the second half, the Eskymos came to life briefly in the third quarter to punch across their lone touchdown set up by recovery of an Iron Mountain fumble on the Mountaineer 37 and aided by a 15-yard penalty against the home eleven for unnecessary roughness.

They held the Mountaineers to a 6-6 deadlock in the second half, in which they fought harder and were a bit more organized, but the damage was done in that first half when nothing the Eskymos tried went off right. A pass was intercepted, a punt was completely muffed and center passes went astray.

Punt Goes Sideways

R. Hosking, Mountaineer back, intercepted a pass early in the first quarter and scampered to the Escanaba 23 to set up the first touchdown. After two successive first downs, David Freeman plunged from the one-yard line, and the placekick was good to make it 7-0.

Iron Mountain's second break came shortly after that when Warren Gustafson, Esky fullback, muffed a punt that sailed off the right side of his shoe out of bounds on the Escanaba 22. The Mountaineers were quick to capitalize on this.

Gingrass, taking a pass back from Freeman behind the line of scrimmage, cut loose on a wide right end run and reversed his field beautifully near the sidelines, slicing to the left to climax a 22-yard touchdown run. Another successful placekick conversion left the Mountaineers leading 14-0 with the game only minutes old.

The only bright spot of the afternoon for Escanaba fans was the Eskymo Jayvees' 14-7 triumph over the Iron Mountain "B" team to keep their record clear for the season. Bill Hamm and Dick Danielson each scored a touchdown for the Esky Bees.

Escanaba penetrated Iron Mountain only once in the first half. Ronald Johnson, quarterback, recovered an Iron Mountain fumble on the Escanaba 22 and a pass to Gary Abrahamson, end, was good for the first down on the Esky 46, from where Ernie Belanger, half, went off tackle to the Iron Mountain 48. After gaining a first down on the Mountaineer 44, the Eskymos were tossed for a loss and punted back to the Mountaineer 44, from where the home eleven started a touchdown march.

On the first play, Gingrass slipped loose for 22 yards and a first down. Hosking went wide around right end from the Escanaba 36 to the 12. The Mountaineers ran the Eskymos ragged on wide end sweeps. Cerasoli picked up seven yards around left end, and Freeman came right back with a wide sweep around right end, after one line play failed to gain, to score from the Escanaba six. The try for

point miscued, and Iron Mountain had a 20-0 lead.

Center Passes Stray

An Iron Mountain fumble ended a threat late in the second quarter after Senger had recovered a bad pass from the Escanaba center on the Escanaba 18. Perron recovered a Mountaineer fumble on the first play. Shortly after, another center pass miscued—there was no one there, but Escanaba recovered.

Belanger punted to midfield. The Eskymos came back full of fight after the intermission and made a ball game of it the second half. They capitalized on two breaks to score in the third quarter. After recovering a Mountaineer fumble, a 15-yard penalty put the ball on the Iron Mountain 11, from where Gustafson passed to Howard Perron who ran to the two-yard line before being knocked out of bounds.

Gustafson plunged over standing up on the next play, but the placekick for extra point was wide.

Freeman to Gingrass

The scrappy little Gingrass, the game's outstanding ball player, set up the final touchdown by intercepting Belanger's pass and returning it 15 yards to the Escanaba 25 where he was hit hard and knocked out of bounds by Gustafson.

Freeman then passed 28 yards to Gingrass in the end zone for the counter.

Iron Mountain threatened again before the game ended, getting as far as the 17, but three passes in a row miscued and big Ocheitit missed a try for field goal.

Gingrass gained 81 yards to 27 for Olivanti, 26 for Hosking, 19 for Freeman and 14 for Cerasoli. Gingrass and Freeman however, each scored two touchdowns. Belanger was Escanaba's leading ground gainer. He made 38 yards. Gustafson gained 21, Judson 12 and Perron 2.

Menominee Maroons Win Cross Country Title In Class B

Iron Mountain, Oct. 20 — Menominee successfully defended its Upper Peninsula cross country championship in feature two-mile jaunt that spiced the Iron Mountain-Escanaba high school football game here Saturday afternoon. It was run off between halves over a hilly course visible from the stands.

The expected duel between W. Tappin, Menominee, and Escanaba's Bob Ostrom materialized with Tappin edging Ostrom on the track in the final quarter-mile after the Escanaba harrier had dogged Tappin's tracks all the way around.

Ostrom, however, was Escanaba's only high finisher. Menominee copied first with 23 points to Iron Mountain's 47 and Escanaba scored 53 (Low score wins). J. Foley, Menominee, was third in the individual race, followed by M. Phalen, Menominee, and E. Dahl, Iron Mountain, in that order.

Gerald Baker finished tenth, Leonard Swed eleventh, Harold O'Donnell thirteenth, Bob Urbach seventeenth and Charles Fish eighteenth.

Eben won the Class C-D-E cross country event, with C. Johnson and T. Nykanen, of Eben, finishing first and second ahead of W. Tervo, Baraga. Eben scored 18 points to 41 for Baraga.

Weekend Sports

Tennis

Mexico City—Jaroslav Drobny, Czechoslovakia, won the men's singles title in the Pan-American Tennis tournament by defeating Francisco (Pancho) Segura, Ecuador, 4-6, 7-9, 6-3, 6-4, 6-3. Navey Bolton, Australia, won the women's singles, defeating Mary Arnold Prentiss, Los Angeles, 6-2, 6-3. Bolton and fellow Australian, Nell Hopman teamed up to win the women's double title, defeating Prentiss and Barbara Krase, San Francisco, 6-1, 1-6, 7-5. Drobny teamed up with Torsten Johansson, Sweden, to take the men's doubles, 6-3, 7-5, 3-6, 6-3 from Segura and Frank Parker of Los Angeles.

Auto Racing

Owosso, Mich. — Al Flackney, Detroit, driving a Hartford Offenhauser, set a world's midgest auto racing record by circling the banked half-mile Owosso track in 21.95 seconds. The previous mark was 22.04 set two years ago by Paul Ross at Winchester, Ind. Buddy Huseman, Toledo, won the featured ten mile race in 7 minutes, 26.81 seconds.

Williams Grove, Pa.—Ted Horn, Paterson, N. J., set a Williams Grove track record in winning the final race of the season here. Horn covered the 50 laps over the half mile track in 23 minutes, 12.93 seconds lowering the former mark of 23 minutes, 19.72 seconds set by Duke Nalon of Chicago earlier this year.

Billiards

Chicago—Willie Mosconi, Kansas City, Mo., beat Andrew Ponzi, Philadelphia, 125 to 101 and 125 to 72 in two pocket billiard games.

8 College Elevens Taste First Defeat

New York, Oct. 20 (P)—A dozen major college football teams still own all-victorious records today but several of them will have to do some fancy stepping Saturday to keep from joining eight others which were tumbled from the ranks of the unbeaten and untied during the past weekend.

Such previously undefeated elevens as Minnesota, Vanderbilt, Yale, Maryland, William and Mary, Marquette, Boston College and Muhlenberg dropped out of the all-victorious class and now can concentrate on returning the compliment to such other hopefuls as may cross their paths.

BEARS BEAT LIONS

Chicago, Oct. 20 (P)—The Detroit Lions, ineffectual against Sid Luckman's aerial drives, bowed under a 33 to 24 licking by the Chicago Bears Sunday, their fourth National Football league defeat in five starts. Luckman, completing 18 of 26 tosses for 340 yards and three touchdowns, fired at will through a sieve-like Detroit defense while the Bears managed to hold the Lions' rampaging Bill Dudley to two scoring runs.

With the exception of California the Philippines yields more gold annually than any state in the union as well as Alaska.

NUTCHUK

LECTURES TUESDAY — Nutchuk, talented Eskimo speaker and musician, will speak at Gladstone high school Tuesday afternoon at 2 o'clock. It is the opening number on the Lyceum course and is reputed to be an excellent attraction. The public may attend.

City Briefs

Mrs. Louis McKenzie left Saturday to return to Milwaukee after spending several days here visiting her sons Irvin and Gordon McKenzie.

Mrs. Carl Dahlbeck and daughter, Karen, left Saturday to visit a week with relatives in Milwaukee.

Miss Rose Marie Clark and guest, Miss Edith Senkel, Milwaukee, Wis., spent the weekend visiting with her parents, Mr. and Mrs. Jerry Clark. Miss Clark attended the LaFave - Schmidt wedding.

Miss Carmel Caron, Milwaukee, spent the weekend visiting with her parents, Mr. and Mrs. Elmer Caron.

Mr. and Mrs. Chet Neveau, Green Bay, Wis., spent the weekend visiting at the Alvin Soderman home.

Staff/Sgt. Gene (Duke) Davis, son of Mr. and Mrs. Ross P. Davis, who enlisted in the Army Air Force for five years, has started his indoctrination period at Chanute Field, Ill. He is in Squadron A-3.

Mr. and Mrs. B. C. Chatfield returned Friday night from a week's trip to the Keweenaw Peninsula and Eagle and Copper Harbor.

Henry J. Miller is a patient at St. Francis hospital.

Mrs. Albin F. Lundberg has been admitted to St. Francis hospital. She is the former Lillian Olson.

Mrs. Nellie Malo of Sault Ste. Marie, Mich., is a surgical patient at St. Francis hospital. Mrs. Malo is formerly of Kipling and a sister of Mrs. Beatrice Bink of Kipling.

Mary Irene Ebbeson, 215, daughter of Mr. and Mrs. Robert Ebbeson, 221 1/2 N. Seventh, submitted to a tonsilectomy at St. Francis hospital Friday.

Mrs. Henry J. Neville left Monday for New York City where she will visit several days with her son, Richard.

Mrs. Birdie Struble, 802 Michigan avenue, left Monday for Battle Creek via Chicago where she will visit with her granddaughter until Thanksgiving.

Briefly Told

Townsend Club — A regular meeting of the Townsend club scheduled for Tuesday night has been postponed a week and will be held on Tuesday, Oct. 23, instead.

WSSC Meetings—The Martha Circle of the WSSC will meet Wednesday afternoon at 3 o'clock at the home of Mrs. Frances Van Horn, 1617 S. Eighth street, Escanaba. Mrs. Arthur Olson will assist. The Ruth Circle will meet at the home of Mrs. W. G. Ward, city, the same afternoon. Mrs. Anna Prais, Mrs. George Johnson and Mrs. Charles Murray are on the committee. The meeting of the other circle has been postponed for a week.

Men's Choir—The Men's choir of the First Lutheran church meets Tuesday evening at 7 o'clock for practice.

Ensign Service—Rev. C. V. S. Engstrom will conduct Bible study and religious services at Ensign in the Stone Anderson school Tuesday night at 8 o'clock.

Harvest Home Supper — The Methodist WSSC is planning a Harvest Home supper for the evening of Thursday, Nov. 6.

Choir Rehearsal—The choir of the First Baptist church will meet for rehearsal on Tuesday night at 7:45 o'clock at the Axel Larson home, 915 Dakota avenue.

Austin Ohlen left Monday to spend several days in Green Bay on business.

Gas Rates Raised In Marquette Area

Lansing, (P)—Increased gas rates in the Marquette, Negaunee and Ishpeming area, totalling \$22,543 and in the Holland, Zeeland area totalling \$2,088 have been approved by the Michigan Public Service Commission.

The rate hikes were applied for by the Michigan Gas and Electric Company this summer, and the commission held a hearing Sept. 16. Objections of the city attorneys of Negaunee and Ishpeming to grant the increase in their area were overruled by the commission.

The attorneys contended franchises existed between their cities and the company, taking the power to order rate changes out of the hands of the commission.

The same question has declared a ruling in applications for raises asked by the company in the Hancock-Houghton and Three Rivers areas pending another hearing Oct. 22. In the Hancock-Houghton area the company seeks to raise rates \$18,262, and in Three Rivers \$5,400.

In 1938, total rolled steel production in the Ruhr nearly equalled the output of the remainder of Europe, with the exception of Russia and England.

Wild turkeys, in the old days of American colonization, used to sell at 6 to 25 cents each.

Munising News

Phone 605-W

Girl Scout Cookie Drive in Munising

Munising—The annual Girl Scout cookie drive opened Saturday, with over a hundred Munising Girl Scouts participating. Orders for the cookies will be taken all this week, and the cookies will be delivered to the customers on October 27, in good time to be used for Halloween "treats."

The cookies this year are a cream-filled sandwich type, with the Girl Scout trefoil insignia stamped into the cookie. They are attractively packaged, 24 to a box, and will sell for forty cents. The proceeds from the sale will be used, as they have always been, to swell the "Little House" fund.

On the delivery date, Oct. 27, the Scouts will receive their cookies from the distribution station nearest their own homes. There will be three such stations: East Munising, the home of Mrs. James Thompson; Central Munising, the home of Mrs. John Young, 114 W. Onota St.; and West Munising, the home of Mrs. Charles Koon, 905 W. Munising avenue. Details may be had by phoning Mrs. Koon, chairman of the drive.

Housewives are urged to use the window stickers which they receive when the cookies are ordered, in order to avoid the nuisance of a constantly ringing doorbell. It will also be a great help to the Scouts if the customers will have the exact change ready on Oct. 27.

Only One Bid On Truck Received

Munising—Only one bid for Munising's "elderly" (1927) fire truck was received when the city commission met Thursday to open bids, and that was rejected. The commission authorized the re-advertising for bids, which will be opened Nov. 3.

At its meeting the commission also: Rejected by a two-to-one vote

OCTOBER BRIDE — Mrs. Andrew Valencic, jr., who before her marriage on Saturday, October 11, was Miss Angela Pelozo of Kipling.

Elaine M. Gagnon Becomes Bride Of Robert J. Pepin

Miss Elaine Marie Gagnon, daughter of Mrs. Martin Caldwell, 922 Superior avenue, and Robert Joseph Pepin, son of Mrs. Eva Pepin, 560 North 9th street, were united in marriage on Thursday morning, October 16, at All Saints Catholic church. The nine o'clock ceremony was performed by Rev. Fr. Matt LaViolette, pastor.

The music of the Mass was sung by the choir of All Saints church and during the offertory, Miss Mildred Ketchum sang Gounod's "Ave Maria."

Attending the couple were Mrs. Allan Gillis, sister of the groom and Marvin Gagnon, brother of the bride.

For her wedding the bride chose a light grey suit with black accessories complemented by a shoulder corsage of red roses and pink and white daisies. She carried a rosary.

The matron of honor wore a cocoa brown suit with pink accessories and a corsage of pink roses and white daisies. She also carried a rosary.

The bride's mother was attired in a green dress with brown accessories and the groom's mother wore an oxford grey suit with black accessories.

A wedding breakfast was served at the home of the bride's mother for the bride party and a few close friends. A wedding dinner was served at the home of Mr. and Mrs. Frederick Pepin, 219 South 10th street, brother of the groom, for the bride party and close friends of the family. Crepe paper streamers in pastel hues decorated the home, and the three tiered wedding cake, topped by love birds and a double ring centered the table.

The new Mr. and Mrs. Pepin will make their home in Gladstone.

Out-of-town guests were: Mrs. Delbert Mosier, Rapid River; Mrs. Clarence Hanson, Mr. and Mrs. Ralph Walsh, and Mrs. Henry Bunno, Escanaba; Mrs. Tony Raspor, Flat Rock and Miss Charlotte Farrell, Milwaukee.

Choral Club Staff Will Be Selected

Election of officers will be held by the Gladstone Choral club at the weekly practice Monday evening at 7:30 o'clock. Members of the chorus are asked to bring pencils with which to mark their scores.

NOTED ESKIMO HERE TUESDAY

Lecturer And Musician
Opening Number
On Lyceum

Simeon Oliver, termed the most famous Eskimo in the world, will come to Gladstone Tuesday afternoon as the first number on the current season's lyceum program. The program is at the auditorium at 2 o'clock. The public is invited.

Nutchuk, as he is called in his native tongue, which interpreted literally means Son of the Smoky Sea, is said to be one of Alaska's most accomplished native sons. He returns to the States in response to repeated demands after a highly successful tour.

His lecture is built around his first hand knowledge of recent developments in his beloved Alaska. He is a superb pianist and has a tremendous fund of folk stories of the Aleut and the Eskimo.

He is an author and his books, Son of the Smoky Sea and Return to the Smoky Sea have attained great popularity.

Nutchuk has been rated highly every place he has appeared. Northern Illinois State Teachers College, DeKalb, Ill., reported "Nutchuk proved to be one of the most entertaining and instructive programs we have ever had on the campus. He received an ovation from our students at the close of the program."

In the Anchorage Daily Times appeared the following:

"Anchorage turned out its multitude to list to Simeon Oliver in the high school auditorium on Tuesday night. There was a high percentage of men in the audience which isn't very usual for lectures and musical performances but such is Mr. Oliver's attraction he can draw even men away from their pipes and papers. . . . The audience gave Mr. Oliver a great ovation at the end of the performance and I am inclined to think that the auditorium would be full again tonight if Mr. Oliver chose to repeat his program."

Woodsman Struck By Car in Street

Antone Dudka, Rapid River woodsman, suffered a possible leg fracture when he was struck by an automobile driven by Jerome Waeghe of Gladstone at Delta and Ninth street 11:30 Saturday night.

Dudka was walking against the red traffic light when he was struck. He was taken to St. Francis hospital in Escanaba.
